House Select Committee on Advancing Women in STEM to Hold First Meeting at SAS

Raleigh, NC – The House Select Committee on Advancing Women in STEM will meet for the first time at a special committee meeting held at the SAS campus in Cary, NC.

DAY & DATE:

Wednesday, August 24, 2022

TIME:

10:00 AM

LOCATION:

SAS, 820 SAS Campus Drive, Cary NC 27513

PRESIDING:

Representative Erin Paré, Chair

Rep. Erin Paré, said, **"I could not be more enthusiastic about the launch of the House Select Committee on Advancing Women in STEM. Women who are pursuing or already thriving in the fields of science, technology, engineering and math deserve all the support we can offer."**

North Carolina House Speaker Tim Moore said, **"There is no future in STEM without women, and we have a lot of work to do to recruit and support them in these fields. I am optimistic about the work this committee is taking on to do just that right here in North Carolina."**
