# 2021 YEAR IN REVIEW

[WWW.TB1FUND.ORG](http://WWW.TB1FUND.ORG)

## 2nd Year Builds Upon 1st Year Success!

As always, we want to (and need to), thank everyone who has helped support TB1Fund. Nothing we are doing is possible with out YOU! **Thank You!**

Our official second year is now over and it was another amazing year! We didn't know what to expect with COVID, but we couldn't be happier with what Brax and TB1F were able to accomplish this year. After an incredible first year, we set the bar high for Year 2 with a goal of \$150K. We are happy to say we did over \$180K!

This year alone, we added a handful of new corporate sponsors and partners, including some very recognizable names, including 3M Open, Cub, Carousel Motor Group and Bell Mortgage.

We were able to host two new fundraising events, the Champions Cup and Putt Fore Patients, which combined, raised over \$150K, as well as the 2nd Annual 5K.

Money raised is helping to brighten days for both patients and families at the University of Minnesota Masonic Children's hospital which was, and still is, Brax's goal. We can confidently say, without any doubt, it's working!

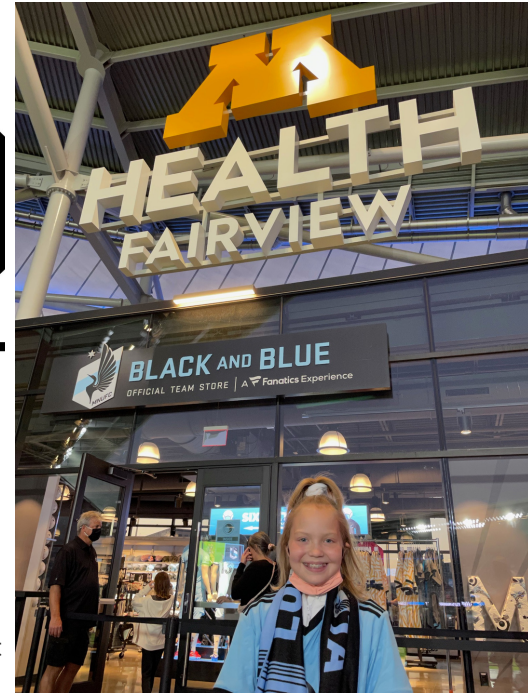

Brax officially finished treatment in May and is doing great! She's back to school and gymnastics full time and getting back into the routine of a "normal" kid. We can officially say she has kicked cancer's butt! It wasn't an easy journey by any means, but she took it all in stride and remained positive throughout. She wants to continue TB1Fund and be involved in both the local communities and UMN Masonic helping to raise money and funding for programs and projects that will continue to prove invaluable in patient recovery.

On the next few pages, you will see what TB1F has accomplished due to your support and programs we would like to continue to expand on and/or create. There are a couple things in the works that we are very excited about, but we can't share them just yet.
