RECORD SETTING YEAR

2024

A note from our CEO Brax:

First of all, I would like to thank everyone who supported TB1 Fund during 2024! Thanks to your support we have had another record year, raising over \$920,000! We accomplished many things we didn't even know were possible, including the opening of the TB1 Fund Rehab Gym in the hospital and best of all brightened many days! 2024 was also a big year for me on a personal level, completing my 2 years of relapse treatment in November. I am now getting stronger every day and looking forward to seeing what 2025 holds. Finally, as I reflect on the past year and the experiences I have had, I know that we will NOT stop working to brighten the days of patients and families at Masonic Children's Hospital. I have personally felt the impact firsthand and I'm now able to see the impact as well. It's truly amazing how something so small, in such a terrible time, can change your life. Thanks again for the support! Let's make 2025 the best one yet!

#WEGOTTHIS 

#####

As always, we want to (and need to), thank everyone who has helped support TB1 Fund. Nothing we are doing is possible without YOU! Thank You!

This past year we were able to brighten the days of over 4,450 individuals. In addition, we were able to complete a legacy project, the TB1 Fund Rehab Gym that had been in works for a couple years. This brand new space on the 6th floor of the M Health Fairview Masonic Children's Hospital will serve many patient's recovery needs.

We continue to accomplish our goals by leaning on our volunteer Board of Directors, Advisory Group and volunteers. We are proud of the fact we have NO paid staff and all dollars donated are directed to day brightening programs and experiences.

As TB1 Fund begins 2025, our mission remains unchanged - brighten days for patients and families of M Health Fairview Masonic Children's Hospital. Our primary goal is to help patients focus on recovery by providing items and experiences that not only distract and engage them, but also encourage recovery, be it mental, physical or emotional. We are constantly refining current programs and working on new ideas, new projects and new partnerships to provide the best possible experiences and offerings. TB1F and Brax are dedicated to making a difference. Being able to provide positive experiences that can immediately affect patients and families is critical to Brax's & TB1 Fund's overall mission.

We know you have many options on what organizations you support and we continue to say "what we are doing is not groundbreaking, but it can be LIFE-SAVING" and YOU make that possible!

On the next few pages, you will see what TB1F has been up to and the programs that are in place thanks to your support. There is LOT happening. THANK YOU!
