

# 2020 YEAR IN REVIEW

[WWW.TB1FUND.ORG](http://WWW.TB1FUND.ORG)

## First Year Wildly Successful

First and foremost, we want to start this letter by thanking every single person and company who has rallied behind Brax & TB1Fund this first year. None of this would be possible without your support. **Thank You!**

Brax is currently in her last phase of treatment which is set to finish on May 28th, 2021. She's doing great and truly kickin' cancer's butt. It hasn't been an easy journey by any means, but she has taken every day and every treatment in stride. She has had her days, but always keeps things positive and has been able to turn a very challenging diagnosis/experience into something so much bigger and far reaching.

It was her idea and wish from very early on in this cancer journey to give back and make a difference for kids and families going through similar diagnoses at the University of MN Masonic Children's Hospital and that is where TeamBrax1 Fund (aka TB1Fund) was born.

Year 1 was wildly successful! We set our goals very high, in true Brax fashion, and we SUCCEEDED! We raised over \$100K and are looking to expand on that in Year 2. We have met so many truly amazing people and families this past year and have been able to brighten many days thanks to your support in way of financial contributions, participation in our gift card and toy drives, our events and through volunteering.

On the next page, you will see what TB1F has accomplished due to your support and areas we would like to expand on in Year 2. We have some exciting things planned and hope you will help us accomplish them!

Also, at the end of this Newsletter you will see a listing of all the sponsors and partners who play a huge roll in the success of what TB1Fund is able to do. Please try to patronize them when able!

**THANK YOU!**

**YEAR 1 GOAL: 100K**

**\$110K RAISED**
