Medicare FAQ

Q: I like my Marketplace plan, do I have to switch to Medicare?

A: No but you will lose your subsidy upon turning 65 and it will be much more affordable to switch to Medicare upon turning 65.

Q: I like my employer plan, do I have to switch to Medicare?

A: No, but you may want to consider Medicare because it is often more affordable.

Q: How do I sign up for Medicare?

A: First determine if you need to sign up for Medicare.

- Will you retain employer coverage after turning 65? If yes, then check with HR to see if your employer requires you to enroll in Medicare A and/or B
- Do you collect social security or railroad benefits? If yes, you do not need to formally enroll in Medicare. Your card will be automatically sent to you 3 months before your 65th birthday month.

If you will not have employer coverage and need to sign up for Medicare A & B choose one of the following:

- Call 1-800-Medicare
- Visit your local Social Security Administration
- Login to www.SSA.gov and click on Medicare

Q: Am I required to get a supplement or Medicare Advantage plan with Original Medicare Parts A & B?

A: No, you are not required to get anything along with Original Medicare A (Hospital) & B (Medical). But you may want to consider one of them. Costs start at \$0 per month and often include dental, vision, prescription coverage and more. Contact your account manager to see which plan is a good fit for your needs.

Q: What kind of coverage do I have while traveling with Medicare?

A: This will vary greatly based on the Medicare plan you have selected. If you plan to travel out of the state or travel abroad contact your account manager to learn more about your coverage.

Q: Does Medicare cover prescriptions, dental or vision benefits?

A: Medicare itself does not cover dental, vision or prescriptions. These are often included in a Medicare Advantage plan or can be purchased separately. Contact your account manager for details or shop on our website at www.westhouseagency.com
