

Example of conversation-answers when client call regarding 3D Floorplans Order

 Professional Call Script for 3D Floorplans – Inbound Call

You:

Hello, this is [Your Name-Bojana] from 3D Homes. How can I help you today?

Client:

Hi, I was looking at your website and I'm interested in ordering a 3D floorplan. Can you tell me more about it?

You:

Absolutely! We'd be happy to assist. At 3D Homes, we specialize in high-quality 2D and 3D floorplans tailored to your design or real estate needs. May I ask—are you looking for a 2D floorplan, a fully rendered 3D version, or both?

Client:

I think I'm interested in the 3D version. How does the process work?

You:

Great choice. Our process is simple:

You upload your architectural drawings or sketches, images or any documents format from your project

directly on our website.

You select the style and format you'd like—whether it's top-down 3D, fully rendered, or walkthrough style.

We'll then create and send a preview within 1–3 business days. Once approved, we deliver the final files in your preferred format—JPG, PDF, or interactive 3D.

Would you like me to walk you through the order form or I can send you order form on your email and answer any specific questions?

Client:

Yes, that would be helpful.

You:

Thanks again for choosing 3D Homes! You're going to love how your space looks in 3D. If you have any questions as you upload your file, feel free to reach out anytime.
