

Example of conversation-answers when client call regarding Virtual Walking Tour

Here's a **professional call script** focused specifically on **Virtual Walking Tours**, as described on your [Virtual Tours page](#):

Inbound Call Script – Virtual Walking Tours

You:

Hello, this is [Your Name] from 3D Homes. Thanks for calling! How can I assist you today?

Client:

Hi, I saw your website and I'm interested in the virtual walking tours.

You:

Fantastic — our Virtual Walking Tours are one of the most powerful tools for showcasing properties online. They're fully interactive, allowing your clients or buyers to explore the space as if they were really there.

Are you looking to create a virtual tour from a 2D plan, 3D model, or an existing property?

Client:

I have a 2D plan / 3D model / photos of the property.

You:

Perfect. Here's how it works:

1. You upload your floorplan, 3D model, or reference materials on our website at <https://3d-homes.com/order-online-today>.
2. Our team builds a detailed, photo-realistic 3D model and creates an immersive walk-through experience that works on desktops, tablets, and mobile devices — no downloads or VR headsets required.
3. You'll receive a private link you can share with clients, embed on websites, or use in marketing materials.
4. Turnaround time is typically 3–5 business days, depending on complexity.

Would you like help uploading your files or placing your order?

Client:

Yes, please.

You:

Great. Just head to the *Virtual Walking Tours* page on our site and click *Order Now*. There, you can upload your files and let us know your preferences — such as furniture style, finishes, or lighting.

Once submitted, we'll confirm your order by email and begin production right away.

Client:

How much do these tours cost?

You:

Pricing depends on the size and detail of the project, but most of our virtual tours start around [\$XXX]. We'll always review your files and provide a clear quote before starting.

We also offer discounts for multiple units or full developments.

Client:

Sounds great.

You:

Excellent. What's the best email to send your order confirmation and project summary?

[Collect Email]

Thank you for contacting 3D Homes — we look forward to creating an amazing virtual experience for your property. And if you have questions at any point, feel free to reach out directly.
