

3D Walking Tours

Design Info Requirements

3D Floor Plan

Each 3D Walking Tour requires the separate purchase of a Standard 3D Floor Plan. The requirements described below assume the requirements for a Standard 3D Floor Plan have been supplied.

Kitchens, Ceiling Fixtures and Additional Details

Additional details can be added to your 3D Walking Tours which are not included in the 3D Floor Plans. New construction properties can provide architectural files and other reference drawings. Existing properties can provide property photos.

- Kitchen cabinet layouts. New construction properties can include kitchen elevation drawings from the architectural files.
- Kitchen backsplash tile.
- Lighting packages and locations.
- Additional interior details as requested.
