

## SPECIALTY SERVICES

### WIGS

We special order wigs and hair pieces to help you select the right style and color to suit each individual. We are leaders in the area for wig service and care.

*NOTE: If you are losing your hair due to chemotherapy or chronic disease, we will give you a wig at our cost and style it for free. This is our way of using our talents to serve our community.*

### BRIDAL AND PROM

We offer full services for your special event. From formal hair design, to nails, pedicures and make-up, we are masters in making your event dreams come true. We can handle small or large parties, in salon or on site.

### LOCKS OF LOVE

We are proud to be a salon that provides hair to the Locks of Love Foundation (we were the first in this area to start this program). For those who wish to donate their hair, we will cut and send your hair to LLF for free and reward your donation with 20% off your new style!

*In the very depths of the soul  
everyone deserves to feel beautiful.*
