M SERIES

The M Series sinks are available to you in 16 and 18 gauge. All stainless steel sinks come fully-coated with spray insulation and includes sound-dampening padding. They all have a brushed finish. Beyond those key features, which ensure you're looking at a quality sink, the rest is based on preference and budget. With numerous configuration styles available, we have all of your needs covered.

ATHOS

The Athos Series. These sinks are made from a blend of natural granite stone and high-quality acrylic resin. This material is highly resistant to scratches, stains, and chips, making it a durable and long-lasting option for kitchens. Fine Line Flooring offers a variety of styles and colors. They are known for their easy-to-clean surface and resistance to fading and discoloration. Additionally, granite composite sinks are heat-resistant, making them ideal for cooking and food preparation.

RECTANGLE

The Rectangle Vitreous China sinks are formed by firing a mixture of clay, feldspar, and quartz at high temperatures to create a hard, non-porous surface. They can be mounted in several ways including undermount or drop-in. Rectangle sinks are popular for their modern, sleek look and their practicality for everyday use.
