

COURSE TITLE	COURSE NUMBER	DRINKING WATER CEUs	WASTEWATER CEUs
Proper Completion of a Chain of Custody	19481	2	2
Basic Laboratory Analysis for WW Process: BOD, TSS	20354	0	6
How to Perform Chemical Analysis for Different Forms of Nitrogen	20353	0	6
Microbiology for Water or Wastewater Analyst	20431	6	6
Preparing for an On-Site Audit in a Water/Wastewater Laboratory	20430	6	6
Ethics in a Chemistry and Microbiology Laboratory	20429	2	2
Basic Chemistry in a Drinking or Wastewater Laboratory	20432	6	6
Quality Control & Micro Analysis in a Wastewater Lab	20455	0	12
Quality Control & Chemistry analysis in a Wastewater Lab	20458	0	12
Proper Collection Procedures for Drinking Water Samples	20454	4	0
Proper Collection Procedures for Wastewater Samples	20355	0	4
Colilert-18 E. coli & Fecal Coliform Analysis	20433	4	3
Method Update Rule for WW Operators and Analysts	20462	0	2
Revises TCR: Changes Affecting Operators & Analyst	20459	2	0
PPE's, COC's, Decontamination of Equipment & Sampling for Chemical/Bacterial Analysis in a Wastewater Plant and Landfill	19482	0	8
Microbiological Analysis of DW, WW & Ambient Water	19480	18	18
Quality Control/SOPs & Chemistry & Microbiology Methods in a Wastewater Laboratory	20428	0	24
Data Handling: Validation & Lab Quality Assurance	20457	2	2
Developing a PT Plan for WW/DW Labs & Field Analysis	20456	2	2
