Beginners Yoga - Come learn the basics of yoga posture, how to connect with the breath and calm the mind. This class is perfect for first timers or those new to the practice. This is a great way to get introduced to the foundations of yoga and ask questions.

Gentle Yoga - A gentle yoga class that covers the basics of yoga posture, teaches how to incorporate the breath, and build mind-body connection. This class is designed to encourage awareness, relaxation, and restoration. Every Body welcome!

Hatha Yoga - Focuses on the fundamentals of yoga posture (asana) and how to connect movement with breath to create fresh energy flow in the mind and body. This gentle but strengthening class focuses on alignment and body awareness, nurturing the body into stillness. All levels welcome!

Vinyasa - A beautiful practice linking breath and movement that builds heat and strength - expect a challenging class that opens pathways for higher growth!

Hot Yoga - A uniquely sequenced vinyasa flow in a heated room. We move, we breathe, and we sweat! Emphasizing foundational awareness, core strength, and detoxification, this class builds strength, flexibility, endurance, and body awareness. Exhilarating and Cleansing! Bring water and a small towel.

Kundalini Yoga - Kundalini Yoga is called the Yoga of Awareness. This is considered an ancient technology which harnesses the mental, physical, and nervous system of the body. Kundalini Yoga combines Pranayama (Breath Work), Mudras (Hand Positions), Asanas (Postures/Poses), and Meditation to balance the glandular system, strengthen the nervous System, expand lung capacity, and purify the body. It brings balance to the Body, Mind, and Soul. Sound therapy is also offered during Kundalini Yoga using Crystal and Tibetan bowls, and the Gong. This class is appropriate for all levels.

Meditation Class - This class offers an introduction to a variety of beneficial meditation techniques that balance the systems of the body and encourage peace of mind. These techniques offer a positive way to explore body breath awareness, encourage peace of mind, and increase focus and vitality.
