Class Descriptions:

Gentle/Beginners Yoga - Learn the basics of yoga posture, how to connect with the breath and calm the mind. This class is designed to encourage awareness, relaxation, and restoration. It is a great way to get introduced to the foundations of yoga, perfect for first timers or those new to the practice. All levels welcome.

Hatha Yoga - Focuses on the fundamentals of yoga posture (asana) and how to connect movement with breath to create fresh energy flow in the mind and body. This gentle but strengthening class focuses on alignment and body awareness, nurturing the body into stillness. All levels welcome!

Hot Yoga/Vinyasa - A uniquely sequenced vinyasa flow in a heated room. We move, we breathe, and we sweat! Emphasizing foundational awareness, core strength, and detoxification, this class builds strength, flexibility, endurance, and body awareness. Exhilarating and Cleansing! Bring water and a small towel.

Iyengar Yoga - A style of yoga developed by B.K.S. Iyengar, which is available to all ages and bodies using props such as blocks, blankets, belts and more. Iyengar yoga is taught systematically with attention to detail. Basic techniques with individualized attention help the participant enjoy freedom in the poses and learn to practice safely. Iyengar yoga helps eliminate aches and pains and improve posture so one may experience the many benefits both on the body and the mind.

Yin yoga – A slow paced form of yoga on which each pose is held anywhere for 1-5 minutes. We focus on stretching the ligaments and connective tissue leading to a permanent increase in flexibility. The longer poses allow us to meditate deeply and clear energy channels known as nadi's. This class is great for beginners because of its slower pace and access to props, as well as more experienced yogis since it will increase flexibility.

Restorative/Meditation – This class will focus on relaxation and restoration of the body and mind. We will move slowly and relax in soft poses to focus on the breath. This class will incorporate guided meditations and sound immersion at the end of each class.
