

I don't do drugs,
nope, not for me,
I like my lungs
and I like to breathe free.

People say stuff
like "wow, that's cool,"
and I just nod
because I'm nobody's fool.

My brain works fine
(at least I think),
so I keep it clean
like a kitchen sink.

So yeah, that's it,
nothing fancy to see—
just me living life
totally drug-free.
