

# Where to get more help and information:

## **PUBLIC LIBRARY.**

Modern libraries generally offer free internet access and use of a few computers to the public. Internet access makes it much easier to get information about local programs and resources, and librarians are trained in helping connect people to information. Printing and copying are often available for a small fee. Libraries also offer educational events and post flyers about what's going on in the community. Find one near you. <https://ocpl.org>
