Installation Instructions for Google TV

How to Install the GotActionTV app on a Google TV device:

1. Send an email to GotActionTv@gmail.com to request a Username and Password and select a monthly plan.
2. Complete Google TV setup and Connect to WIFI.
3. Once you have set up the Google TV device and you have landed on the Home Screen select "Apps"
4. Scroll down to the search bar and enter "Downloader"
5. Install Downloader and select "Open" once it is Installed
6. Once you open the downloader select "Allow" to allow access to photos and media, then select "Ok"
7. You should now see an on-screen keyboard. Enter the following codes to download the GotActionTV App:
   - **398518**
8. A security pop-up will open select "Settings", scroll down to Downloader and GotActionTV select Allow. Another pop will appear and you will need to "Install" GotActionTV, then select "Open"
   - Select Add Playlist
   - Select GAT Primary
   - Enter Username and Password
     - Ensure TV Channels and VOD are SELECTED
   - Select Next
     - The App will show "Processing". Once processing is complete, you will see three categories: Channels, Movies, and Show
   - Select Done
     - The App will update and open once it is completed
9. Enjoy
