**Mr. D. David Premnath**  
**MAFI Secretary General**

First and foremost, I would like to sincerely thank the Masters Athletics Federation of India (MAFI) for the confidence they have placed in me. I also extend my gratitude to the Asia Masters Athletics (AMA) Council for entrusting me with the responsibility of organising this prestigious championship.

It is truly a fitting time for India to host the 23rd Asia Masters Athletics Championships, especially as we currently hold the distinction of being the defending Asian champions, having secured the highest medal tally across the continent. This event is not just a sporting occasion, but a movement towards national fitness awareness, aligning with our vision of "Fitness through Competition," or what we proudly refer to in India as FIT INDIA.

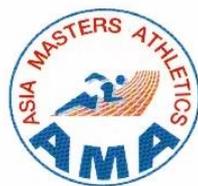

This championship is expected to inspire thousands of citizens above the age of 35 to embrace athletics, leading to greater participation in Masters events across India. I also urge athletes to seek participation through recognised federations to ensure they are eligible for official international Masters Competitions. We must stay vigilant and informed about unauthorised competitions within the country. We are proud to welcome athletes and officials from over 30 Asian countries to Chennai, Tamil Nadu, for this momentous event. With an expected turnout of nearly 5,000 athletes, it will be one of the largest assemblies of Masters athletes in Asia.

### **Asia Masters Athletics (AMA)**

The first unofficial meeting to form a body for veteran athlete in Asia was held in the year 1983 in India. The Indonesian Veteran Athletics Association with the patronage of Indonesian Amateur Athletics Federation helped to draft and present the constitution at the meeting of the General Assembly on 26<sup>th</sup> July 1986, in Jakarta, Indonesia. The draft constitution was accepted by the General Assembly and subsequently office bearers for the Asian body was elected. It was then called as the Asian veteran Athletic Association (AVAA) and officially became the Affiliate of World Association of Veteran Athletes (WAVA) in the year 1986.

However, before the formation of a formal body for Asia master athletes, championships at Asia level were already held. The first Asian Veterans Athletics Championships were held on 27<sup>th</sup> July 1981 in Singapore.

In the year 2003, the word 'veterans' was changed to 'masters' in accordance with the change in the world body from WAVA to WMA (World Masters Athletics). AVAA followed the change and became AMA (Asia Masters Athletics). The name of the championships changed from veterans to masters as well.

Asia Masters Athletics Championships (AMAC) are held biannually. AMAC is open only to men and women who are 35 years and above who are from Asia, and are medically fit to compete.
