Virginia delivered the sweetest messages to me at a time I needed that specific encouragement. Her approach is loving and funny. She makes you feel immediately at ease and the reading unfolds with the same ease and delight. My reading was spot on! Lauren V. - 5/10/25

Nailed it! 100%! I really enjoyed the reading and didn't ask any questions intentionally to see where it went. You were spot on! - Nichole S. - 5/10/25

My reading was lovely. I felt very seen throughout. Virginia was spot on about many things from my childhood, my family and my personality and current struggles. She reminded me of the many parts of myself that I felt I had forgotten, and that I need to be reminded of. It felt healing. I would definitely recommend a reading by Virginia to my friends. Thank you! Kelley K. - 3/2/25

Virginia was wonderful!

I went into the conversation knowing some things in the back of my mind but she solidifies them and made them more concrete.

A tremendous help on this spiritual journey that I'm currently on. Devon G. - 3/15/25

This is one of the most thorough readings I have had with a practice partner on VerySoul. Very detailed and accurate. Virginia knew things that nobody else knew; and it wasn't just a few details, it was many! Very impressive. I really enjoyed the manner in which Virginia communicated her insights and psychic messages. She was able to connect with my cousin's wife, who was like an aunt to me, and connect with my father. It was a great practice session and Brava to Virginia! - Heidi C. - 1/26/25

I really enjoyed the reading. Virginia made me feel like I was very unique and special and had very cool gifts to share with others. She talked about the recent

past with accuracy and an intuition that was dead on. And her use of visual fictional characters resonated with me on a personal level. - Michelle W. - 12/21/24

*I love that you use characters from movies and shows. Virginia was very warm and friendly and dealt with my crazy mind very nicely; like I was not bothering her at all. Truly appreciate her and the wonderful reading. Thank you!

You really brought my grandfather and his entire family to light in a wonderful way with both evidence and the essence of who they are. The Henry Ford comment was absolutely astounding, what that meant for me! Thank you. I enjoyed working with you and look forward to working with you again in the future. Jeff F. - 11/10/24

Center for Spiritual Enlightenment, Falls Church, VA, Psychic Saturday, November 9, 2024

On Saturday, November 9, 2024, I went to see Ms. Virginia for a spiritual reading. She was able to identify my energy and make up immediately and confirm to me aspects of my Self in a way that helped deepen my connection with a Presence much bigger than myself. In the process, she made several pointed observations of my childhood as well as my adult life that have continued to resonate with me in a primal sort of way; this being 3 days later. A few specific points in which I found most helpful which were most accurate:

- 1 - I examine things and take in information before springing into action;*
- 2 - I was raised in an environment that did not support the caliber of seeking which have had my whole life;*
- 3 - I have surrounded myself with a village of supportive people as an adult who actively seek companionship with The Divine and*
- 4 - encouragement and support to stay the course, continue to examine and take action when the time is right. Overall, I found the reading to be most helpful in ways I did not anticipate and insights continue to unfold several days after the reading.*

Thank you Ms. Virginia. Darryl F. - 11/9/24
