

**Sacred Light Fellowship Testimonial
from Rev. Tonia Pinheiro
(crying while talking) Sunday 11/24/24**

"I have a message from my inner child, little Toni, who had so much trauma in her life, and she is saying to me: You brought me home. You brought me home to my family. I look at all the people in these Zoom boxes, and some of them I know a little bit more than others, but everybody is shining their love to me, and it makes me feel safe, and it makes me feel happy, and they show me pieces of who I am, and it makes me so happy to see who I am in everyone. And you set me free to come all the way in, and be all the way who I am, who I came here to be, and you made that happen for me because you make me feel safe, and my Godself is me, and I am my Godself, and I have no way to give you what I feel, so much love and gratitude and thank you and joy. Thank you everybody. And thank you Reverend Daniel for making this be a place to be all the way fully who I am, which is God in this body. And thank you. Mwah!" (air kiss)
