

We are taught by Arc Angel Raphael that we are here on the earth to enjoy everything. We were created by God for total joy and complete fulfillment. To fulfill our wonderful purpose, it is God's will that all of us always have more than enough money to share and to spare.

Here is an affirmative prayer Rev. Daniel Neusom has received through his channel...

"I am now and forever stretched open by God and I am now receiving all of the money I could ever need or want to completely fulfill myself and my life."
