

BobbinHood Quilting Cruises “Quilting & Cruising North to Alaska”

Proudly announces a Special Quilting cruise
“Through the Eyes and Brush of Alaska Artist JON VAN ZYLE”

Introducing his art and fabric

Remember - friends don't let friends go quilting and cruising alone! We bring the whole pod!

Grab your girlfriends and join us!

On this cruise, we will be featuring many fabric lines that Jon Van Zyle has produced over the years. You will see some of his original artwork and how it is transformed into gorgeous fabrics in his “Bountiful Blueberries”, “Jona’s Garden”, “Santa’s Silly Siberians” collections, and his 2026 releases from Hoffman Fabrics - “Moonlight Encounter” and “Iceberg”. Our cruise projects will feature his fabric. You can also bring your own project and let your creativity flow! In Ketchikan will have the opportunity to visit Scanlon Gallery that features some of Jon’s original art including originals of some of his fabric lines. In Juneau, Changing Tides Quilt Shop will be showcasing Jon’s latest fabrics. Jon & Jona will not be on the cruise with us.

We will sail round-trip out of Seattle, WA on Holland America’s ms Noordam on May 16, 2027, for seven days heading “North to Alaska” and the Inside Passage. We will visit the ports of Juneau, Sitka, Ketchikan and Victoria, BC and explore the splendor and grandeur of Endicott Arm and Dawes Glacier. Your sewing room features large windows that bring in extra light and excellent opportunities to view what’s right outside. The snow-capped mountains will stand proudly against the blue skies above. Eagles will be soaring - whales and dolphins will be gracing the waters around us - waterfalls will be cascading gracefully down the cliffs - and we will be creating beautiful quilts and other projects as we enjoy it all.

Sewing machines and irons will be waiting for you when you board the ship - so no need to bring your own. You’ll receive our special SWAG BAG full of all sorts of goodies, notions and gadgets along with our special cruise mascot! Our cruise quilting projects will be announced soon. Lots of surprises along the way.

This package is offered EXCLUSIVELY by Barbara Carpenter of Bobbin Hood Quilting Cruises. Barbara will be teaching classes, offering tips and tricks and helping you for these seven days at sea.
