

# What Is a Precinct Committeemen?

Mohave County Republican Central Committee—[www.mohavecountyrepublican.org](http://www.mohavecountyrepublican.org)

In Arizona, the Precinct Committeemen (PC) is the most important elected official to our Republican Party. PC's are the eyes, ears, arms, and voices of the Party. PC's are elected by voters in their precinct during general election years. If there is not an elected committeeman, the GOP chairman can appoint a committeeman to fill a vacancy. He or she must still register to run on the next ballot.

As a PC, you have some official duties. You represent the interests of your precinct as a member of the Mohave County Republican Central Committee, and you represent the Party to the voters of your precinct. Of all the people in your precinct, you have the greatest influence on the results of elections. You have the power to change the direction of local, state, and national government, to better represent Republican ideals.

Remember, the Republican Party believes in "community". Take this opportunity to get to know yours better. Ask your neighbors their opinions on issues. Invite them to Republican Party events, town hall meetings with elected officials, and social gatherings with our Republican clubs. Asking people you meet to volunteer and get active in one or more organizations is a great way to help someone become a dedicated Republican voter!

The chart to the right outlines "typical" PC activities. Every precinct is different and every PC approaches the job in a different way, but this list gives a good overview. A successful PC will spend anywhere from 10-20 hours per month on PC-related activities.
