

**I am an unapologetic, grassroots, conservative
REPUBLICAN. Our country is in trouble - you know
it and I know it.**

**It's time to create
THE AMERICAN PATRIOT CAUCUS
to give grassroots Republicans a loud and clear
voice in the Georgia Republican Party and to our
elected officials.**

WE NEED

YOU!

Watch the video if the email looks too long! 📺

It has been 6 months since the Georgia GOP convention where I was elected as the 2nd Vice Chairman to be your voice for grassroots Republicans and boy, has it been a learning experience! I told everyone when I ran that I am not a politician - I am a small business owner with precious little time for political games. I have been extremely busy with multiple projects and teams that have proved our voting system is not accurately counting your votes but rest assured, there is **GREAT NEWS to share!**

In this email and future messages, you will:

1. Learn what we have uncovered ([like double counted ballots-video](#))
2. Understand why the information is important and
3. See what you can do with the information to help **Win in 2024**

In case you haven't heard the latest activity, rest assured, the daily fight is strong, but we need your help to keep moving ahead. Today, I'm reaching out with the first of many updates on our fight to expose the truth of the 2020 election. I want you to be part of our army so that "We, the People" can restore secure & accurate elections to Georgia.

Today's message will give you proof that our voting system is malfunctioning. [Here is a video](#) where you can learn about some critical flaws and how the law in Georgia is not being followed to address the problem. Please share the video and [this slide presentation](#) with influential community members who have strong ties to elections officials in your community.

Think about this assignment like being in high school. There were always the "cool kids" in who everybody listened to, even the teachers. They are the key influencers in your

community. Your elections board members and county commissioners listen to the "cool kids" before making decisions. If you don't remember who your [Georgia House Member](#) or [Senator](#) is, you can [find them here on the My Voter Page](#). Then, you can look to see who gave them the most money by looking at the [Georgia Campaign Finance System](#) and see if you know any of their contributors and remember, be kind and polite! Grandma was right when she said, "You catch more flies with honey than vinegar". [Full list of Georgia House and Senate members with email.](#)

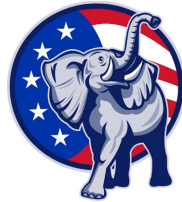

That's enough for now. In our next issues we will cover:

- Important flaws in the voter rolls
- Tools we are developing right now to help you effectively and efficiently knock on doors to drive community engagement by targeting voters with accurate information based on actual voter data.
- Which representatives are election fraud deniers and which ones are actually doing something to secure our elections and not just talking about it.

Please help by forwarding this message to your friends who would like to be added to the email list or you can opt out if you never want to hear from me. [Click here to sign up.](#)

Let's Win 2024!
