- UIL Check-in (Form 1/Area Intent)**
- Restrooms**
- Instrument Repair**
- First Aid**
- Handicap Parking**

**SPECTATOR ENTRANCE**  
 • Spectators may enter via the north stairs or through Gate 1

**TRUCK PARKING**

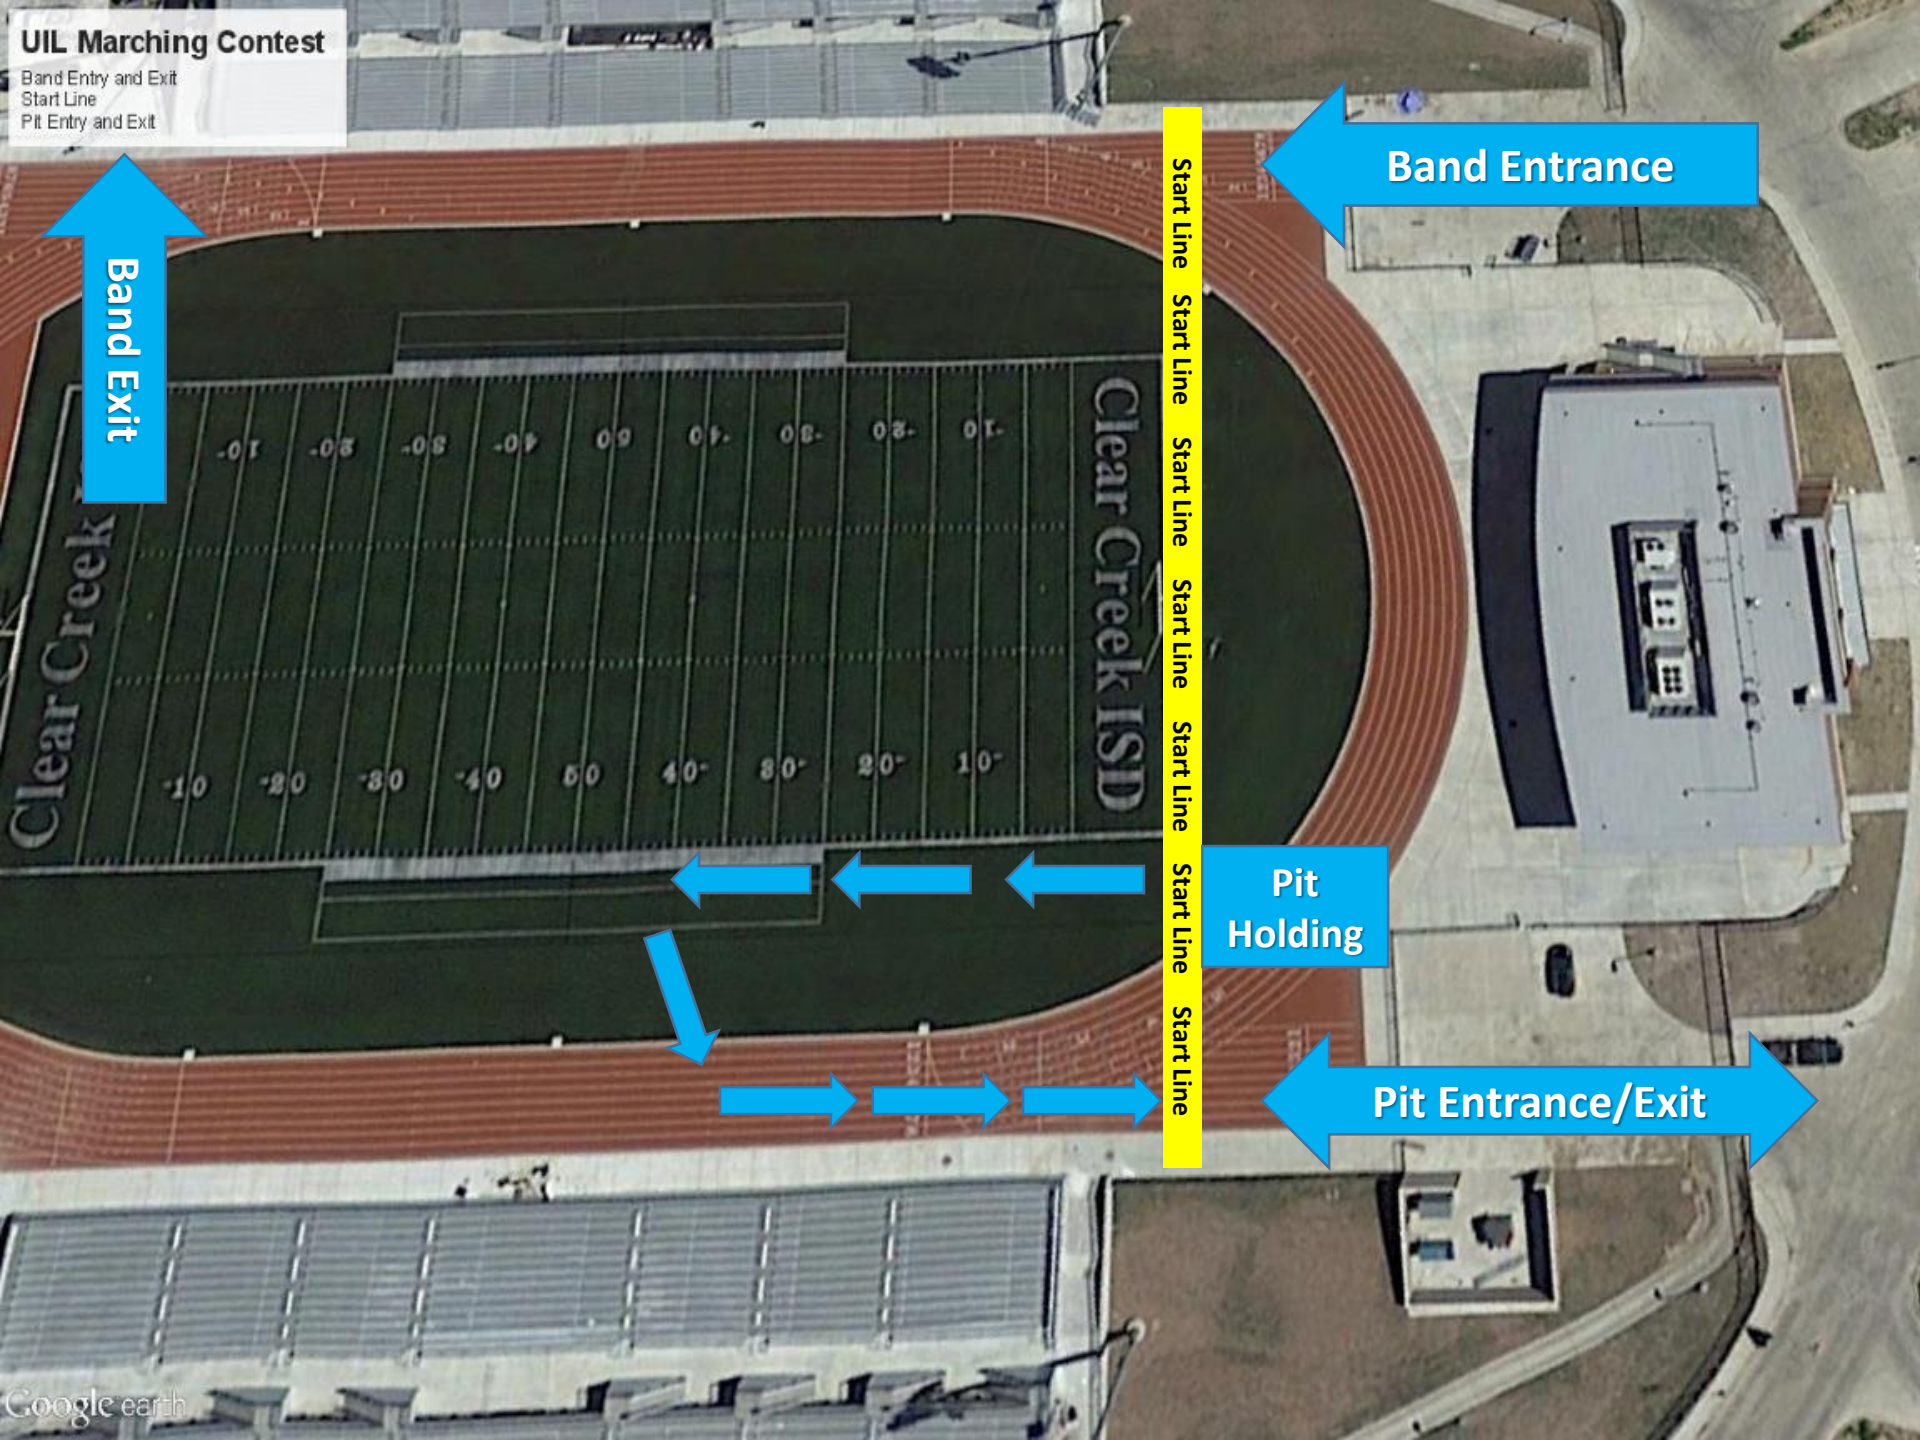

- Trucks will park in lots C1 & C2 facing the bus lot
- We expect there to be plenty of room for truck parking, prop assembly, and pit percussion warm-up to take place at each truck

**WARM-UP NOTES ☺**

- Drum lines should warm up on grass adjacent to assigned band warm up area
- All performers must face away from stadium
- Metronome volumes should be as low as possible. You may be asked to turn metronome off if it is too loud
- Guards should not use gock blocks
- Pit warm-up is behind wall of buses

**UIL Marching Contest**  
Band Entry and Exit  
Start Line  
Pit Entry and Exit

### FIELD ENTRY/EXIT

- Bands should stay to the right on the access road and give way to the band on its way to the start line.
- Props wider than 7 feet will need to exit with the pit.
- Props 7 feet or less wide will need to exit with the band.

### PIT ENTRY/EXIT

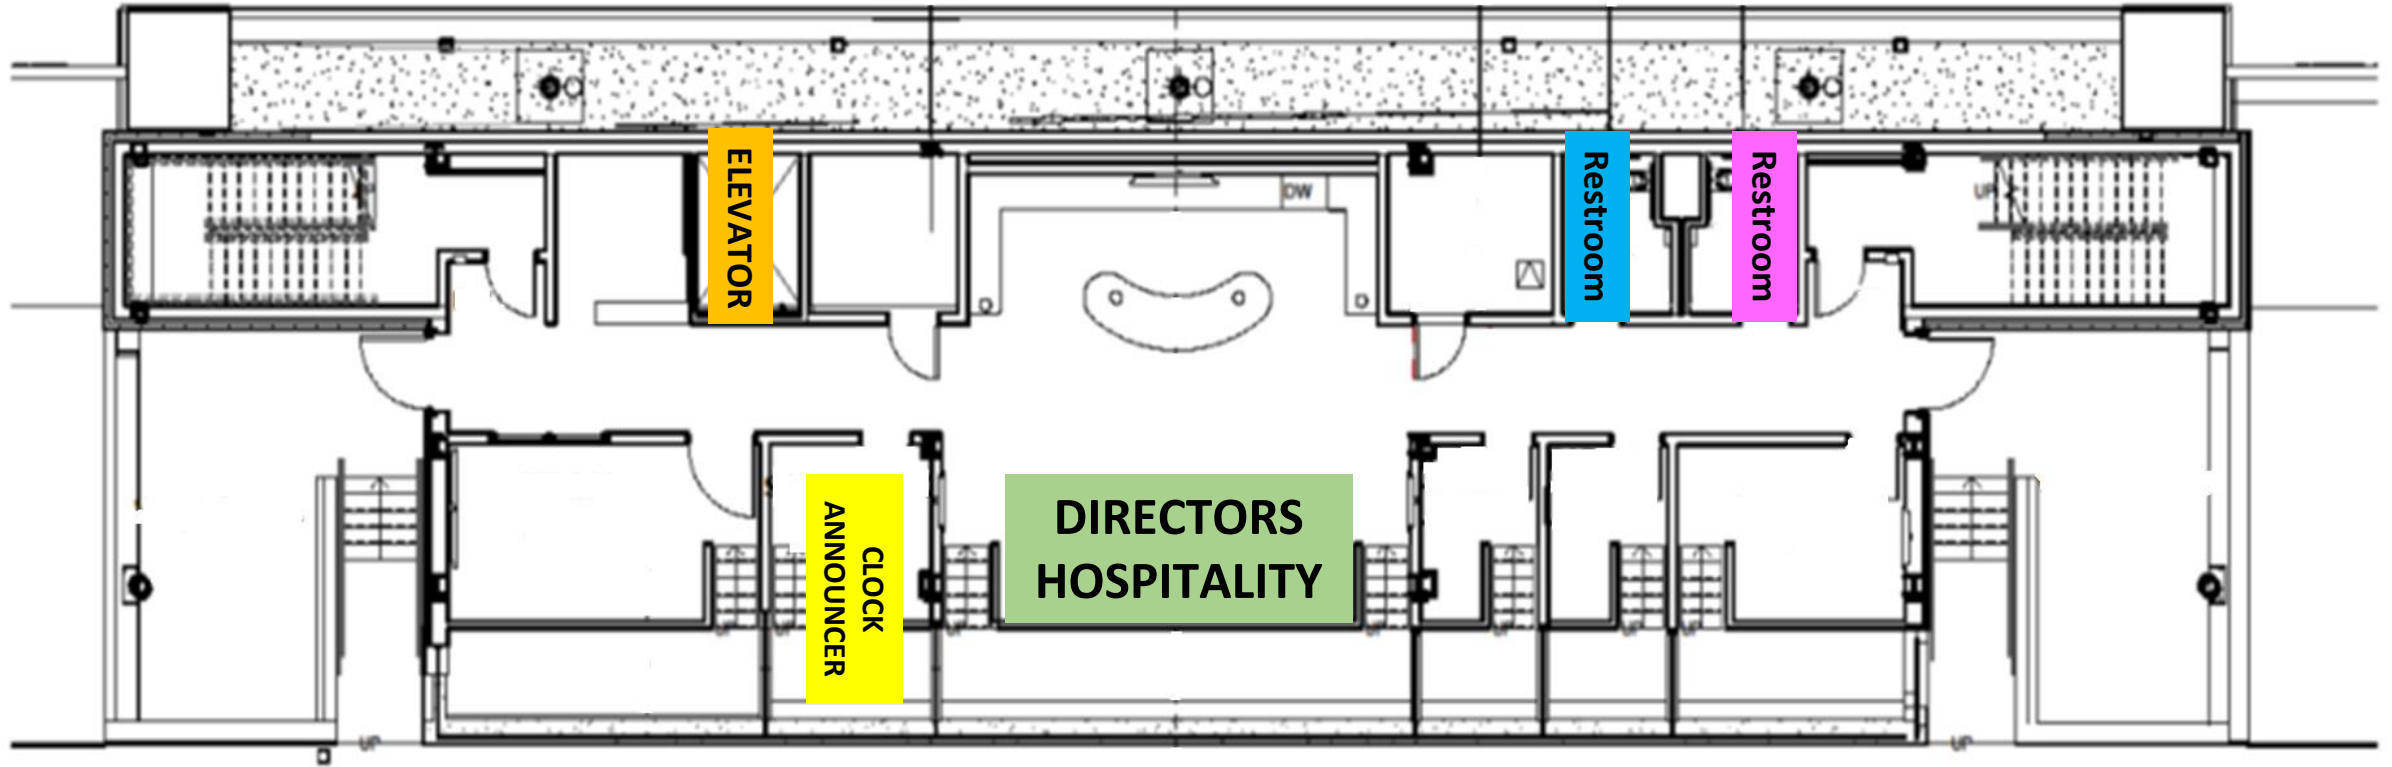

- Pit units entering the field should enter on the turf.
- Pit units exiting the field should exit on the track to facilitate a faster exit during the 2 minute clearance time.

### POWER SUPPLY

There is an outlet at the 50 yard line against the stands. We will provide a heavy duty extension cord that is rated to carry power over an extended range. You may use a generator or your own extension cord.
