Description

Low Hour 2016 250 HP Honda 4 stroke engines make fast and VERY fuel efficient while being bullet proof reliable, this is the legendary Black fin hull acquired by Salt Shaker with a 24 degree deadrise what a kick ass center console/cuddy, she has a small cuddy forward to stow your gear. Best of all worlds amazing sea boat that doesn't roll like the flybridge version, Bow Thruster New Electronics including Garmin Radar, GPS, Plotter, VHF, single lever electronic controls, sea deck not only looks great it is so nice on your feet and body. Live well, tackle center, huge fish boxes in deck, T top with rocket launchers, spreader lights, shore power with on board charger, windless t's all here and then some. trolling motor was removed was in the way and doesn't belong on a boat like this. So much boat for the money gang the engines were 50k!!

We just Painted her hull was dark green but faded mint green is sharp in person

great fishing/family boat tables etc deploy for cruising or stow for fishing in 30 seconds including aft bench seat, You could be Be Fishing Now with her! she is turn key ready,
