## Level I GREEN APPLE PEEL

Revitalize your clients' skin with natural green apple acid! Allow the green apple treatment to release luminous glowing skin while providing a firming and tightening effect. The natural Green Apple Fruit Peel is high in vitamins resulting in energizing the skin and purifying the complexion.

### Benefits

- Improvement in skin texture
- Improvement of congested pores & acne
- Lighter & brighter skin appearance
- Reduced appearance of fine lines

### Level I Treatment

Aging to Younger Skin

## Level I PUMPKIN PEEL

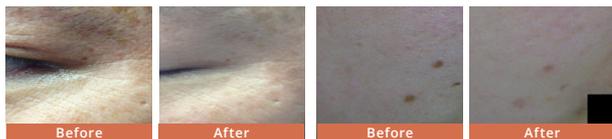

This unique Pumpkin Peel is a combination of natural ingredients used to optimally exfoliate the skin. The peel's richly enhanced and unique set of minerals, exfoliants, and extracts make this product a top seller amongst skincare specialists and dermatologists.

### Benefits

- Improvement in skin texture & cell turnover
- Reduced appearance of fine lines, wrinkles
- Effective antioxidant properties
- Radiant, glowing skin

### Level I Treatment

Lift, Tighten, Firm

## Level I V-BAND TREATMENT

Snail Peptides and protein ingredients in the dermatology V-BAND Treatment fight back against skin dryness, facial line disturbance, square jaw, eye and mouth wrinkles or pimples caused by skin care.

### Benefits

- Improvement of skin texture
- Improvement of congested pores
- Gives the skin a tighter and firmer appearance
- Reduces appearance of fine lines
- Brightens the skin

### Level III Treatment

Made With Natural Pineapples & Papayas

## Level I NATURAL ACTIVE ENZYME

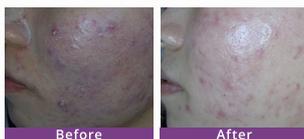

Clarify, clean, and degrease unhealthy skin and remove congested pores with natural papaya and pineapple enzymes. Three different activators release the enzymatic process to dissolve and melt away hard oil deposits, dried and coarse skin, and deeply clogged pores. Once activated, the natural pineapple and papaya enzymes work to break down dead skin and congested pores to aid in a smooth and refined complexion with radiant skin.

**Activators: Desincrustation Enzyme Activator, Lacto Enzyme Activator, Salix Enzyme Activator**

### Chemical Treatments

- Increase cellular activity & skin function
- Encourage new collagen & elastin production
- Hydrolyzing dead skin build up
- Combat premature aging by firming

### Level I Treatment

Naturally Refreshing & Oxygen Enriched

## Level I VITAMIN C OXYGEN TREATMENT

Indulge your clients with a foaming burst of natural vitamin C and oxygen to instantly brighten, lighten, and hydrate their skin. "Revitalize" and "Renew" are the watch words for this peel. The Vitamin C Oxygen Treatment purifies and improves the skin texture while giving your skin a breath of fresh air. Vitamin C combats free radicals and daily moisture loss. In addition, it is intended to correct signs of premature aging, stimulate natural collagen synthesis to restore suppleness, and inhibit the formation of pigmentation.

### Level I Treatment

Natural, Detox, Lifting, Soothing

## Level II MILLENNIAL PEEL

The Millennial Peel is a revolutionary non acid peel that slowly builds and removes layers of dead skin throughout a 3 day process. This delayed process of skin renewing provides a safer deep peel that all skin types and Fitzpatrick levels can use without the worry of post inflammatory hyper pigmentation or darkening of the skin. This peel is very simple to use and easy to apply with its airless encapsulated syringe vial. See results below.

### Benefits

- Whitening
- Reduce fine lines
- Pigmentation
- Improve skin texture
- Lifting
- Clear, clean and tight skin

### Level III Treatment
