

A note from our conductor

We are tremendously excited about the 2019-2020 season. Each concert will feature works that are designed to entertain, enlighten, and inspire our audiences and performers alike. We are thrilled to take two of our performances out into the community, and, for the first time in FWB history, we will be hosting a donation-only based performance in Water Works Park in Downtown Tampa.

We are deeply grateful to our loyal audience members and hope you will join us as we work to reach people who have not yet ventured to USF for a performance. Together we can ensure that this tremendous ensemble will continue to grow and thrive.

- Dr. Matthew McCutchen, Artistic Director
