

Travel Advisor **SUCCESS KIT**

Hello future Travel Byrd,

Thank you for your interest in becoming a Travel Advisor. This career is honestly one of the most rewarding and exciting careers on the planet. It provides immense flexibility to your work schedule and location, allowing you to truly travel the world and get paid.

However, the role entails quite a bit of work and can be a labor of love in the beginning as you build up your business. Many Advisors attempt to do this on their own and quickly fail. You'll learn that having the right marketing, legal, and coaching support will make all of the difference to your success.

We have you completely covered with a full tech stack to make you look professional including an itinerary builder, an invoicing system, a CRM and a booking workflow platform that's fully customized to the type of trip you're creating! We also put together all of the marketing materials for you to use and have you fully covered on the legal front with Terms and Conditions, Privacy Policy, Credit Card Authorization forms, Insurance Denial forms, and more.

However, what truly sets us apart is our coaching system. We do not put you through an expensive online training course where you simply watch a bunch of webinars and hope for the best. Instead, we have a hands on training program that will not only teach you the ins and outs of the industry, but will show you exactly how to build up your business through proper networking and consistent messaging.

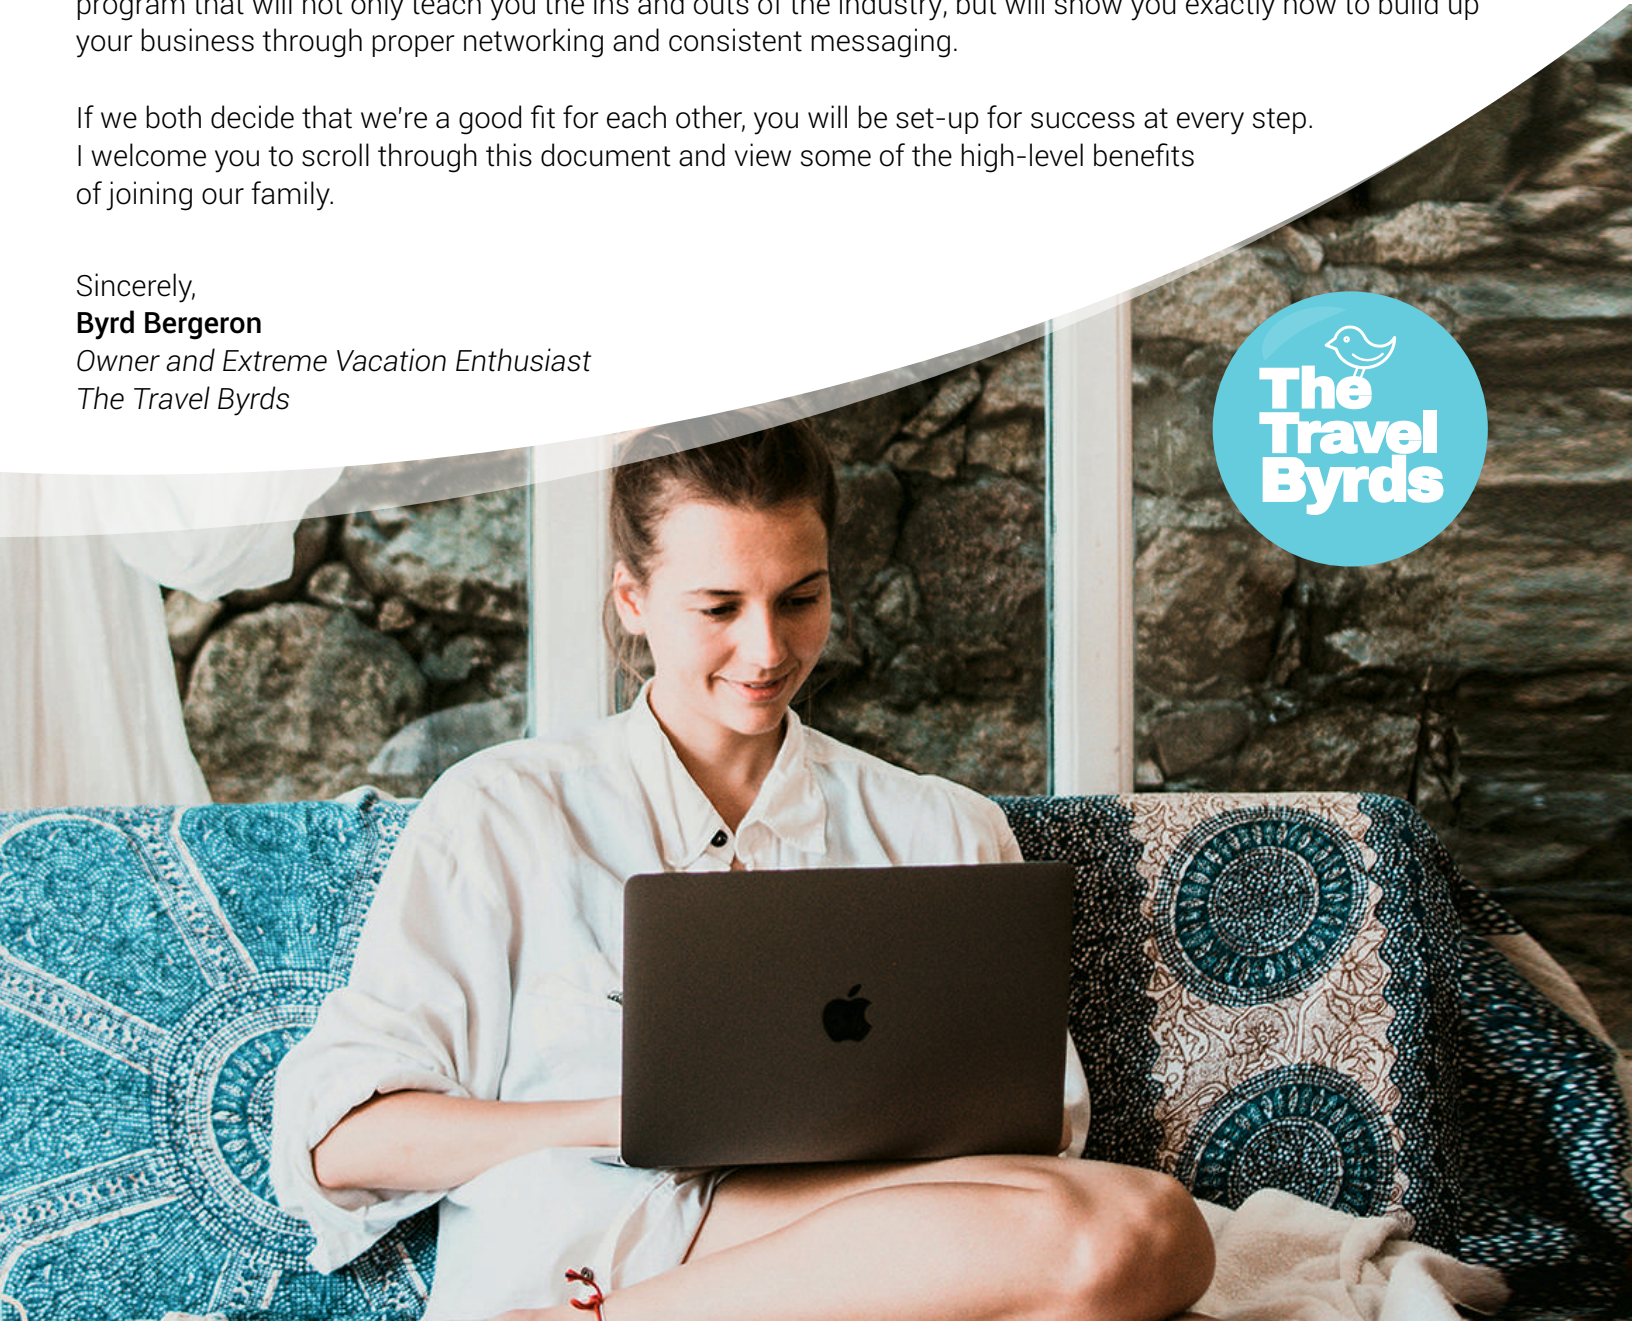

If we both decide that we're a good fit for each other, you will be set-up for success at every step. I welcome you to scroll through this document and view some of the high-level benefits of joining our family.

Sincerely,

Byrd Bergeron

Owner and Extreme Vacation Enthusiast
