Sign to accept Shop Policies and Authorize Work on your firearm:

- Work on firearms is initiated in the order they are received into the shop.
- My standard shop rate is \$75.00 per hour. I will provide you with an estimate prior to ordering parts or completing work on your gun. Certain parts or services will require a deposit.
- You will be contacted when work on your firearm is completed to arrange a time for pickup.
- 30 days after initial notification, unclaimed firearms will be assessed a \$30.00 storage fee.
- 60 days after initial notification, unclaimed firearms will be SOLD to cover incurred expenses.
- If you request additional work on the firearm after completion of initial service, your original invoice must be paid in full prior to starting new service.
- **PLEASE NOTE: At any given time, I may have up to several weeks' backlog, and I will notify you if that is the case when you drop off your firearm. Gunsmithing is a precise, hands-on service that requires time and patience. If parts are broken or missing, it may also require time to receive and/or make parts before I can complete work on your firearm.**
