

VEZE WIRE

CUSTOM CABLE
ASSEMBLY SOLUTIONS

LEADING SUPPLIER TO
MAJOR OEMS GLOBALLY

Veze Wire is a cable harness manufacturing team with a highly skilled and well-experienced team in the field of Defense, Aerospace, Medical & Industrial cable harness manufacturing. One of the Promoter and Partner of this Organization is a Certified IPC Trainer (CIT) in IPC/WHMA-A-620C “Requirements and Acceptance for Cable and Wire Harness Assemblies”.

Several shop floor employees are trained under my supervision in my previous company as a Certified IPC Specialists (CIS), who perform the cable assembly operations in the assembly Lines.

One of the Partners intends is to inculcate the best practices of IPC 620C, in the shop floor employees of this esteemed organization.

VEZE WIRE

Your customized partner in the field of cable harness Manufacturing

CAPABLE TO HANDLE BELOW PROCESSES

Stamped & formed open barrel and closed barrel crimping.

All type of machined contacts crimping.

IDC crimp termination.

Mass termination Flat cable.

Sleeving and boot application.

Potting for connectors.

Co axial soldering and connectorization.

All type of soldering activities.

Lacing activity for cable assemblies

Box Build activity.

OUR RECENT BUILD ASSEMBLIES

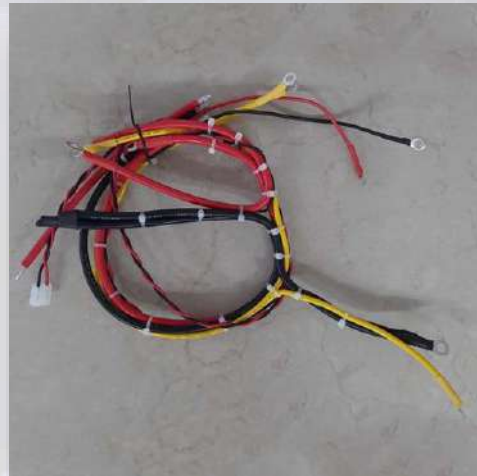

Lemo Connector Assembly

Flat Ribbon Cable Assembly

Power Cable Assembly

WE ARE EQUIPPED WITH BELOW MACHINES AND TOOLS WHICH ARE REQUIRED TO PRDUCE OUR PRODUCTS (CABLE ASSEMBLIES)

Wire cutting and stripping machine WCS-40

Digital crimping press RTF-2M

Motorized pull tester SP-02W

Toggle press SKL-2000

Solder station RX-711AS

Tinning pot

Hot air gun CHG 20-63

Magnifier lamp 8093

Digital vernier caliper

WIRE CUTTING & STRIPING MACHINE WCS-40

- This machine has the capability to cut strip (Including Partial Strip) WCS-40
- Cable ranging from: 0.05 Sq.mm (30 AWG) to 5.2 Sq.mm(10 AWG)
- Can handle PVC, PE, PP, PTFE Cables
- Can cut HST tubing up to 5 mm size

DIGITAL CRIMPING PRESS RTF-2M

- Crimping machine 2 tons capacity
- Machine can handle all type of open barrel crimp terminals
- It can accept Side feed and end feed applicators.
- It has inching capability to finer adjustments.

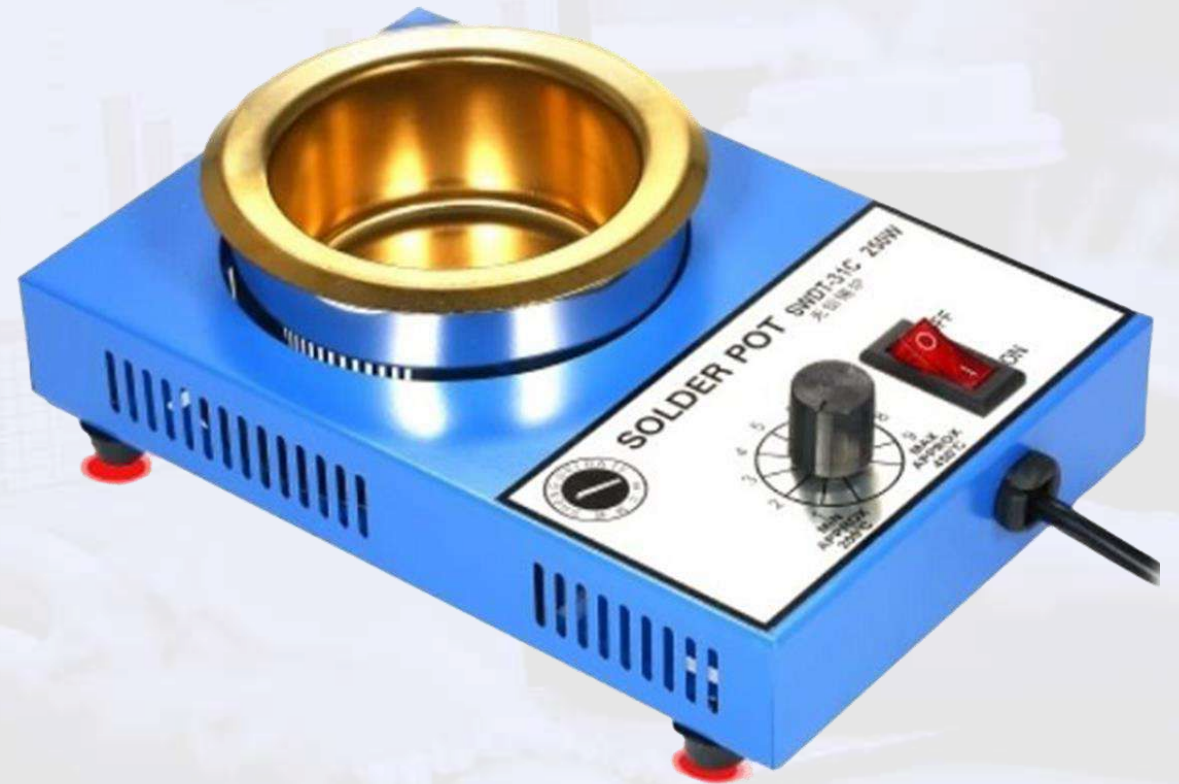

Motorized Pull Tester SP-02W

- Fully featured 32 bits microprocessor based
- 4 different test modes with customized pull speed
- Machine can measure 0 to 100 kg force

TOGGLE PRESS 0.8 TON CAPACITY

TINNING POT

SOLDER STATIONS

RX-711AS TEMP CONTROL

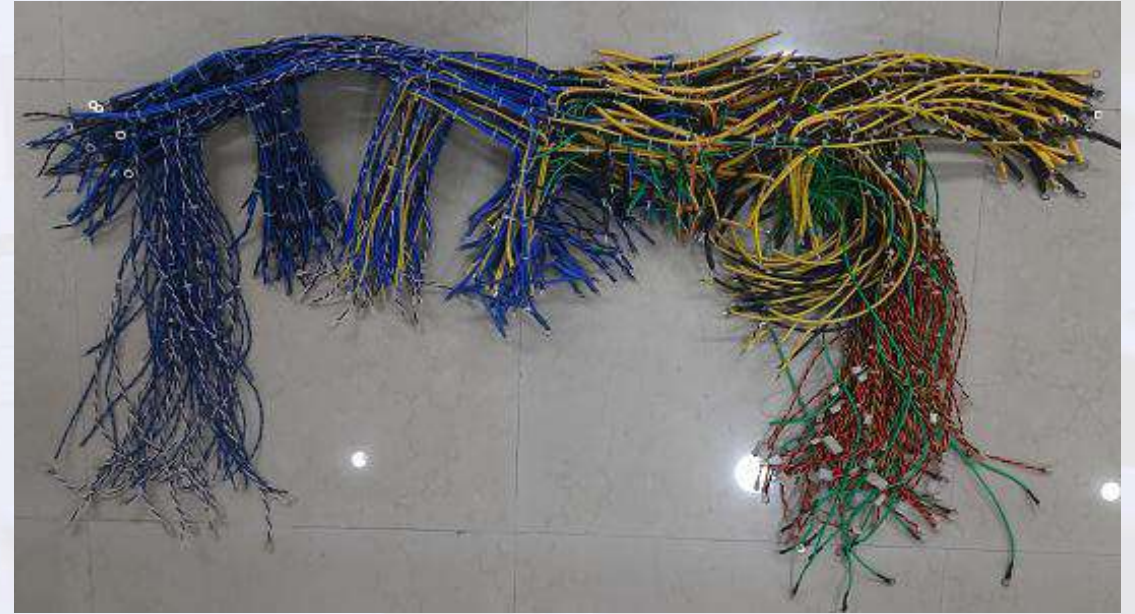

HOT AIR GUN

CHG 20-63

SHOP FLOOR VIEW

POWER DISTRIBUTION ASSEMBLY

MISSION

Established by a group of Competent / Experienced Technical people in the field of Wire harness making for Defense / Automotive / Aero-Space and General Consumer of electronics.

While we strive to service this end-user, grow to be a successful organization as a point of reference to our customers both in India and Abroad.

VISION

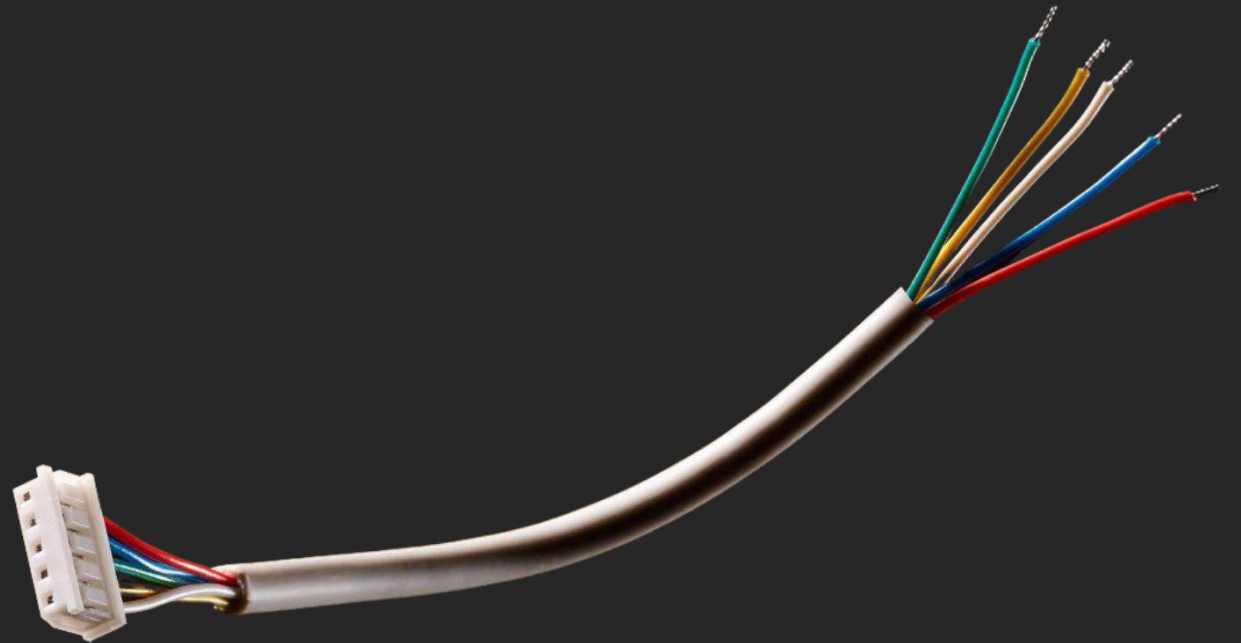

To Educate and Train the employees, in the line of activity, to reach a status to supply “Error Free products”, in all counts, by way of Inspiration, Retrospection, Guidance, to have confidence, that we can do it.

QUALITY POLICY

Our reputation as a preferred wire harness manufacturer has grown out of the respect we have earned from our customers for years of honesty, true commitment to quality & helping our customers solve their problems.

We consistently meet our customers expectations by accentuating quality, delivery, cost & Integrity throughout the organizational fabric.

We believe in pursuing the latest technologies & whole heartily supporting & gaining the trust of our customers.
