Your Furry Friend's home away from home!

Meet the Staff!

Sandy Chapman is the owner and proprietor of this wonderful establishment. With a lifelong love of horses under her belt, Sandy took her own experiences as a boarder and decided she would do it better. All of the horses at Windancer would get the same level of care as if they were her own personal horses. On any given day you can find Sandy checking in on the status of the stables, deciding where to make improvements and answering client questions. Her door is always open.

Holly Jackson is the barn manager of our wonderful stables. There is no task too large (and by task, we mean horse) for her to take on. You will always find Holly in the stables or out in the pasture checking in on everything from adequate food and water to making sure there is a safe place for the horses to run around. No detail escapes her notice and she is always quick to make improvements as needed. When she's not caring for boarders, you can find her playing with her own horses, dogs and cat. A lifelong love of animals runs deep and she is proud to show it off.

Steve Atherton Our facilities manager. Always making sure that if it is broken, it's fixed and that it stays that way!

Travis Atherton Our resident goober. (read: Assistant Manager) you can always find Travis helping around the barn, doing whatever is needed when Holly calls for an assist. He makes sure the job gets done right the first time.

NOT PICTURED:

Devin Haskin - Website developer and marketing manager. The title speaks for itself, I handle all the tech in order to serve you better.
