

## **Council Highlights for November**

1. Holy Love will be sending in a letter of intent to the Lily Endowment Christian Parenting Initiative. This program provides grants to fund equipping parents to share their faith with their youth. The preschool will participate in the program. The letter of intent does not commit the church to the program at this point if it is determined later that it does not fit into our ministry.
2. Holy Love will continue to look at ways to live stream services, etc. Once facts are gathered as to cost, staffing requirements etc. we can make an intelligent decision whether to move forward with this.
3. Holy Love will continue to explore ways to cooperate with All Saints Lutheran Church to provide joint ministry to both congregations.
4. Holy Love is still in the running for an Aurora City ARPA grant to be used for upgrading fire alarms and security.
5. Subsequent to the regular council meeting, council authorized hiring Hannah Kennedy to help out in the office during Advent, Christmas and up through the Annual Meeting in January.

Darryl Harvey, Council President
