

## **HLLC Property Committee Report**

May - June 2024

**5/23/24**      **Changing Janitors** – In late May after our last church council meeting, several of us had an email discussion regarding whether our desired candidate should be a HLLC employee or an independent contractor. There were discussions related to the wage rate, possible overtime pay, and FICA/SS/FMLA benefits. We will need more time to hash out these details to determine how to proceed.

**6/2/24**      **FEMA grants for church security** – Our grant application for the 2024 Nonprofit Security Grant Program was submitted to the State of Colorado on June 2<sup>nd</sup>. The State will send out a notification of the organizations chosen to receive funding and describe the next steps in the process sometime in August or September. FEMA then will make the final award selections.
