Dear prospective partner,

We appreciate your interest in supporting the 26th annual Queen's Conference on Education (QCE). QCE is the largest student-run education conference and is held at Queen's University.

Our intentions in facilitating this conference are to encourage delegates to think beyond their current boundaries and expand our perspectives of learning to promote a better future for education. Our theme for QCE 2027 is "Building a Library of Learning: Writing the Next Chapter of Education Together" with a significant focus on developing a teaching toolkit and empowering our delegates to foster change and create equitable, responsive, and informed classrooms in the future of education.

Monetary donations as well as hard goods are greatly appreciated, and have a direct impact on the success of our conference. Sponsors also receive different benefits depending on their type of donation. There is a breakdown of sponsor benefits [on the back of the page](#).

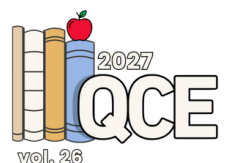

Partnering with QCE allows you to contribute to a conference that values inclusivity, professional development, and educational advancement. Your support will help us maintain financial accessibility and ensure that we can continue to host a dynamic, high-impact event.

We plan on welcoming over 200 diverse delegates to our conference. Should you choose to partner with us, you will not only have the opportunity to showcase your brand to countless local Queen's undergraduate students but also reach students from Trent University, Brock University, and York University along with undergraduates from across Ontario.

Thank you again for your consideration. I look forward to connecting with you and your brand. Please feel free to reach out with any questions. If interested, please contact me at your earliest convenience and I can connect you with our Director of Sponsorships.

Sincerely,

Thomas Johnson (he/him/his)
Conference Chair
