

March 2026

Lowani and Patience delivering bibles and Bible Story books to the School's Headmaster.

In February, Lowani asked at the school system where two of his sons attend, Springfield Preparatory school, what kind of religious instruction the school was offering. When they said, "None," Lowani and Patience started planning! LiveCharis supplied funds for age-appropriate Bibles and Bible Story books. Lowani, Patience, a pastor-trainee, and their media expert are now having Bible teaching sessions with school children, 2 sessions on Wednesdays and 3 sessions on Fridays. Teachers have had an interest in learning also, so LiveCharis will provide native language Bibles. One of the school's bus drivers (pictured below) was encouraged with a gift of a Bible.

One of the teachers in the school where Lowani and Patience taught knows of a guy who runs a radio station. She told that person about them, and he invited them to preach on the radio! When they did, they were invited to preach every Sunday if they were open to that, and they are!

One Saturday Lowani visited Chenamisa village, for a follow-up to encourage the leaders there with ministry work.

Uganda - Planting Crops

John Kiuka and helpers planting crops the past few weeks: from plowing, to planting, to germination.

We learn that people need physical food to receive spiritual food. We encourage and support their efforts to produce food for themselves and others.

Proverbs 24:27, 30-34 (REV):

²⁷Prepare your outdoor work, and carefully prepare it for yourself in the field; afterwards, then, build your house.

³⁰I passed by the field of a lazy person, and by the vineyard of a person lacking sense, ³¹and behold, it was all overgrown with thistles; its surface was covered with weeds, and its stone wall had fallen down.

³²When I noticed, I paid attention; I observed, and I learned this lesson:

³³"Just a little more sleep, a little more slumber, a little more folding of the arms to lie here," ³⁴and your poverty will come like a robber, and your needs like an armed man.

The Maize Garden

**This couple
accepted Christ that
day.**

Shaun Victor (US) and Jamuna (Nepal) completed their 39-day mission trip to Uganda on March 6. They visited 15 different remote villages, some of which had no electricity, to teach the Word of God at churches in those areas. Shaun taught the adults and youth. Jamuna gathered the children together to share God's love with them.

Every day on this mission trip was power-packed – they taught, preached, led people into salvation, ministered in peoples' homes, and encouraged the pastors who hosted them. They also visited schools where Jamuna taught the children God's Word. As gifts, they gave them pencils and pens instead of candy and the kids were thrilled!

Shaun and Jamuna also spent quality time with those from Uganda who have been attending LiveCharis online fellowships.

Shaun and Jamuna send a big "Thank You" to all LiveCharis donors who make their sponsorship of our trips possible!
