

# Rothe San Antonio Calibration

First Class Service and Support Since 1976

**Servicing Customers Throughout The USA**

Our Team of American Society for Quality (ASQ) Certified Technicians utilize over 40 years of experience providing precision calibration, repair, and metrology services to Government and commercial customers. Our certified technicians adhere to ISO 9001:2015, ANSI/NCSL Z540-1, and Nuclear Regulatory Commission (NRC) standards for calibrations performed at our ISO/IEC 17025:2017<sup>1</sup> Accredited Precision Measurement Laboratory.

**Services and Support**

Customer Portal for Tracking Equipment Certification  
5 Day Turn-Around  
Emergency Turn-Around Available  
On-Site Calibrations plus Pick-Up and Delivery available for San Antonio, Austin, & Surrounding Areas  
68° Cold Room for Dimensional Calibration

**Brands**

Amprobe • A.W. Sperry • B&K/Dynascan • Beckman • Biddle • Bio-Tek • Boonton • Dynatech • Fluke • General Radio • Hewlett Packard • Keithley • Simpson • Tektronix • Triplet • Wavetek • And More

**Physical / Dimensional**

Gage Blocks • Pin Gages • Plug Gages • Length Standards • Calipers • Outside Micrometers • Inside Micrometers • Depth Micrometers • Height Gages • Dial Indicators • Plain/Thread Rings • Plain/Thread Plugs • Scales • Torque Wrenches • Torque Transducers • Force Gages • Pressure Gages • Vacuum Gages • And More

**Electronic**

Amplifiers • Ammeters • Analyzers • Attenuators • Bridges • Calibrators - Meter • Capacitance Measuring Systems • Chart Recorders • Comparators • Communication Test Sets • Converters • Counters • Couplers • Curve Tracers • Current Standards • Decades • Distortion Analyzers • Dividers • Frequency Meters • Frequency Synthesizers • Frequency Standards • Function Generators • Impedance Meters • Inductance Meters • Megohmmeters • Multimeters • Noise Level Meters • Oscillators • Oscillographs - Viscorders • Oscilloscopes • Phase Meters • Power Meters • Power Supplies • Preamplifiers • Probes • Pulse Generators • Resistance Bridges • Signal Generators • Sound Pressure Level Meters • Spectrum Analyzers • Sweep Oscillators • Temp/Humidity Sensors • Temperature Chambers • Thermocouple Simulators • Transistor Testers • Voltage Standards • Voltmeters • And More

**ISO 17025:2017**  
Accredited Laboratory

**COMMITMENT • EXPERTISE • QUALITY • PRECISION • DEDICATION**
