

CM2

Power What You Need — For As Long As You Need.

The Coyle **CM2** will provide critical power for you and your family — for years if necessary.

A CLASS OF ITS OWN

We do not have a competitor.
No generator comes close to
our speed, storage and output.

PART OF THE SOLUTION

Our generators are made in the USA
and designed to produce clean,
silent energy for years — with a
ROI in as little as 1.5 years!

TOTAL SECURITY

When the grid fails, you won't.
The CM2 can power critical
devices, for as long as needed —
months or years if necessary.

Total Security. No Fuel Needed. No Noise.

When the grid fails, you'll have enough power to protect your family.

No fuel dependency or costs — just clean, quiet, renewable electricity for years.
