| Add any additional information here. | <p>My wife Laura and I have enjoyed our home in the Boundary since 2008. Laura's family first came to the Roaring Fork Valley in 1913. Our two grandchildren are now 6th generation. We want to work with our neighbors to build community by continuing to preserve and maintain our beautiful neighborhood. We have an outstanding working Boundary Board today with unique and specialized skills offered by each member. I commit to serving you for another term as our Board continues to build on our long term planning to mitigate our challenges and risks with insurance affordability and future coverage. We have established an excellent model for building our future financial reserves to address our aging community. We need to remain focused as we add planning for protecting our community with potential wildfire hazard mitigation and preparedness. Again, my commitment to serve for another term will be to work and assist our President and Board members with these challenges and opportunities.</p> |
