

2025 - 2026 ENVIRONMENTAL EDUCATION PROGRAMS

Bring conservation to your classroom! Environmental educators present age appropriate environmental programs that are aligned with SC state education science standards.

WATER QUALITY

EnviroScape: Excellent visual, hands-on model for teaching point and non-point source pollution. Students learn how they can easily adopt habits to protect water quality. All ages.

Incredible Journey: Through an interactive game, students will simulate the movement of water within the water cycle and quickly learn it is not circular! All ages.

JUST FOR THE LITTLES

Soil Tunnel: Crawl "underground" to explore roots, animal habitats, wells, and septic tanks. Learn about earthworms while handling night crawlers. Pre K-2nd.

Interactive Books: Pre K-1st
One Tiny Turtle by Nicola Davies
Is This a House for Hermit Crab? by Megan McDonald
Harry Horseshoe Crab by Suzanne Tate
Mister Seahorse by Eric Carle

INTERPRETIVE HIKES

We offer interpretive hikes for groups up to 25 students at the **Port Royal Sands Beach, Port Royal Cypress Wetlands,** and **Crystal Lake Park.** Binoculars are provided. Call for availability and rates.

WILDLIFE

Snakes: Our education corn snake visits the classroom and helps students learn why snakes are important to our environment and which snakes you may encounter in the Lowcountry. All ages.

Adaptations/Cargo for Conservation: Explore structural, behavioral, and instinctive adaptations for humans, animals, and plants. US Fish & Wildlife kit dives into endangered species, their habitat loss, and reasons for threatened species. All ages.

SC Fur Bearers: See our great collection of mammal furs while learning about these animals, their behaviors, and habitats. All ages.

MARINE LIFE

Sharks: Dive into shark physiology, behavior, and feeding habits. Fun hands-on activity to discover what a shark may eat! All ages.

Horseshoe Crabs: Learn about these unusual gentle creatures, their interesting lives, and how they help humans. All ages.

Beach in a Bag: Students handle various shells from our beaches and learn all about their adaptations and ecosystems. All ages.

SEASONAL PROGRAMS

Keep an eye on our social media for seasonal programs. We currently offer **Bats** and **Spider** programs in the Fall and an **Arbor Day** program in December.

Office: (843) 255-7306

Email: bswcd@islc.net

beaufortconservationdistrict.org

Program length: 45 min to 1 hour
Interpretive books: 30 minutes
Cost: \$50 per class presentation
Class size is limited to 25 students.

**NEED A PROGRAM FOR A TOPIC NOT LISTED?
JUST ASK! WE HAVE PLENTY OF RESOURCES!**
