

Western Region Cactus Horizon Little League

2024 Safety Plan

League ID #: 403-03-03

Little League
Safety Program

Safety Mission Statement

Cactus Horizon Little League is a non-profit organization run by volunteers whose mission is to provide an opportunity for our community's children to learn the game of baseball in a safe and friendly environment.

2024 Board of Directors

Requirement 1:

Title	Name	E-Mail	Phone Number	
President	Jared	Langenhuizen	jlangenhuizen@gmail.com	602-628-1885

Requirement 3: COVID-19 Guidelines – Currently not applicable

As your local league considers returning to play, keep these resources in mind:

If all checked above, move on to the criteria below.

When all boxes are checked –

Play Ball!

More information and resources are available at LittleLeague.org/Coronavirus.

STAY SAFE ON AND OFF THE FIELD

Stay home if you are sick.

Bring your own equipment and gear (if possible)

Cover your coughs and sneezes with a tissue or your elbow.

Wash your hands or use sanitizer before and after events and sharing equipment.

Tell a coach or staff member if you don't feel well.

cdc.gov/coronavirus

Requirement 4:

Little League International has established criteria for each chartered league's performance of an investigation into the background of all individuals who volunteer in any capacity. Each volunteer will be required to complete a volunteer application from and provide a copy of their government issued photo identification. The minimum requirement for these background investigations is verification that volunteers are not registered sex offenders. To provide additional protection to the children we will submit a list of all volunteers to JDP. A background investigation that will list any convictions nationwide will be completed. Upon clearance of individual background investigations all volunteers will be notified by The Board of Directors.

Little League® Volunteer Application – 2021

Do not use forms from past years. Use extra paper to complete if additional space is required.

This volunteer application should only be used if a league is manually entering information into JDP or an outside background check provider that meets the standards of Little League Regulations 1(c)(9). THIS FORM SHOULD NOT BE COMPLETED IF A LEAGUE IS UTILIZING THE JDP QUICKAPP. Visit LittleLeague.org/JacobiCheck for more information.

A COPY OF VALID GOVERNMENT ISSUED PHOTO IDENTIFICATION MUST BE ATTACHED TO COMPLETE THIS APPLICATION.

All RED fields are required.

Name _____ Date _____
First Middle Name or Initial Last

Address _____
City State Zip

Home Phone: _____ E-mail Address: _____
Cell Phone Business Phone

Date of Birth _____

Occupation _____

Special professional training, skills, hobbies: _____

Community affiliations (Clubs, Service Organizations, etc.): _____

Previous volunteer experience (including baseball/softball and year): _____

1. Do you have children in the program? Yes No
If yes, list full name and what level? _____
2. Special Certification (CPR, Medical, etc.)? If yes, list: _____ Yes No
3. Do you have a valid driver's license? Yes No
Driver's license #: _____ State _____
4. Have you ever been charged with, convicted of, plead no contest, or guilty to any crime(s) involving or against a minor, or of a sexual nature? Yes No
If volunteer answered yes to Question 4, the local league must contact the Little League Security Manager.
5. Have you ever been convicted of or plead no contest or guilty to any crime(s)? Yes No
If yes, describe each in full: _____
(Answering yes to Question 5, does not automatically disqualify you as a volunteer.)
6. Do you have any criminal charges pending against you regarding any crime(s)? Yes No
If yes, describe each in full: _____
(Answering yes to Question 6, does not automatically disqualify you as a volunteer.)

LOCAL LEAGUE USE ONLY:

Background check completed by league officer _____ on _____

System(s) used for background check (minimum of one must be checked):
Review the Little League Regulation 1(c)(9) for all background check requirements

JDP (Includes review of the SafeSport Centralized Disciplinary and USA Baseball Ineligible List) * **OR** _____

National Criminal Database check SafeSport Centralized Disciplinary Database and/or USA Baseball Ineligible List Sex Offender

* Please be advised that if you use JDP and there is a name match in the few states where only name match searches can be performed you should notify volunteers that they will receive a letter or email directly from JDP in compliance with the Fair Credit Reporting Act containing information regarding all the criminal records associated with the name, which may not necessarily be the league volunteer.

Only attach to this application copies of background check reports that reveal convictions of this application.

Little League® "Basic" Volunteer Application – 2021

Do not use forms from past years. Use extra paper to complete if additional space is required.

This volunteer application can be used as a reference for leagues utilizing the JDP Quick App or for leagues that are using an outside background check provider that meets the standards of Little League Regulation 1(c)(9). Visit LittleLeague.org/JacobiCheck for more information.

All RED fields are required.

es

Requirement 5:	Date	Location	Time
Coach Fundamental Training:	1/30	Desert Shadows Middle School	5:00

Requirement 6:	Date	Location	Time
Safety Manual & First-Aid Training:	1/30	Desert Shadows Middle School	5:00

Requirement 2: Each team will receive a copy of this safety manual. Managers and or Team Safety Officers should have a copy of the safety manual at all league functions.

Field Inspections and Storage Procedures

Requirement 7:

BERORE THE SEASON STARTS

- ✓ Familiarize yourself with the safety materials.
- ✓ Appoint a Safety Parent for your team. They need to be at all the games and have a cellular phone. It can be an Assistant Coach.

PRIOR TO EACH GAME

- ✓ Complete a field safety checklist. Report any problems to the President or League Safety Officer.
- ✓ Check the team equipment for any problems. Report any equipment problems to the Equipment Manager.
- ✓ Check the contents in your team’s first aid kit. Contact the League Safety Officer for any items that need to be replaced.

STORAGE SHED

The following applies to the entire storage shed used by the League and applies to anyone who has been issued a key to use those sheds.

- ✓ All individuals are aware of their responsibility for the orderly and safe storage of rakes, shovels, and bases.
- ✓ Before you use any equipment located in the shed (lights, scoreboards, etc.) please read the written operating procedures for that equipment.
- ✓ All chemicals or organic materials stored in the sheds shall be properly marked and labeled as to its contents.
- ✓ Any witnessed “loose” chemicals or organic materials within these sheds should be cleaned up and disposed of as soon as possible to prevent accidental poisoning.

PRE-GAME FIELD INSPECTION CHECK LIST

Full Uniform			Injury Report Forms		
Bats Meet Standards			Drinking Water		

REPORT ANY PROBLEMS TO YOUR COMMISSINER OR SAFETY OFFICER.

Requirement 8:

Annual Little League Facility Survey will be submitted in the Data Center.

Concession Stand Guidelines

Requirement 9:

Every worker must be instructed on these guidelines before they can work.

Wash your hands regularly:

- Use soap and warm water.
- Rub your hands vigorously as you wash them.
- Wash all surfaces including the backs of hands wrists, between fingers and under fingernails.
- Rinse hands well.
- Dry hands well.
- Dry hands with paper towels.
- Turn off water using paper towel, instead of your bare hands.

Wash your hands in this fashion before you begin work and especially after performing any of these activities:

- After touching bare human body parts other than clean hands and clean exposed portions of arms.
- After using restrooms.
- After caring for or handling animals.
- After coughing, sneezing, using a handkerchief or disposable tissue.
- After touching soiled surfaces.
- After drinking, using tobacco, or eating.
- During food preparation.
- When switching from raw to ready to eat foods.
- After engaging in activities that contaminate hands.

Basic Rules:

1. Menu... smaller is better. No salads cut up fruit or vegetables, no food prepared at home.
2. Cook food thoroughly. Use a meat thermometer. Keep hotdogs and burgers at 41 degrees when cold and cook to 155 degrees or above when hot.
3. Rapidly reheat foods to 165 degrees. Slow cooking devices may activate bacteria and never reach killing temperatures.
4. All foods that require refrigeration must be cooled to 41 degrees F. as quickly as possible and held there until ready to use. To cool foods quickly, use the ice water bath (60% ice and 40% water), stirring the product frequently, or place their food in shallow pans no more than 4 inches in depth and refrigerate. Pans should not be stored one a top of the other and lids should be off or afar until the food is completely cooled. Check the temperature periodically to see if the food is cooling properly. **DO NOT LEAVE FOOD OUT AT ALL!!**

5. FREQUENT AND THOROUGH HANDWASHING IS REQUIRED.
6. Only healthy people should prepare and serve food. Anyone with any symptoms of disease (cramps, nausea, fever, vomiting, diarrhea, cough etc.) or who has open sores or infected cuts on the hands should not be allowed in the food concession area. Workers' clothes should be clean, and they should not smoke in the concession area. Hair restraints are recommended.
7. Food handling: Avoid hand contact with raw food, ready-to-eat foods and food contact surfaces. Use a utensil and/or glove.
8. Use disposable utensils for food service. Keep your hands away from food contact surfaces and never reuse disposable dishware. Ideally utensils should be washed in a four-step method: (1) Hot soapy water, (2) Rinsing in clean water, (3) Chemical or heat sanitizing, (4) Air drying.
9. Ice that is used to cool cans/bottles should not be used in cup beverages. And should be stored separately. Use scoop to dispense ice, never use hands.
10. Wiping cloths should be rinsed and stored in a bucket sanitizer. (1-gallon water and ½ tsp. chlorine bleach. Change the solution every 2 hours.
11. Insect control and waste. Keep foods covered to protect from insects. Store pesticides away from food. Place garbage and paper waste in a refuse container with a lid that fits tightly. Dispose of all water in the restrooms, do not pour outside. All water that is used should be potable from and approved source.
12. Keep food stored off the floor at least 6 inches. After your event is finished, clean the concession area and discard any unusable food. Do not save food for reheating.

THE TOP SIX CAUSES FOR ILLNESS

1. Inadequate cooling and cold holding.
2. Preparing food too far in advance of service.
3. Poor personal hygiene and infected personnel.
4. Inadequate reheating.
5. Inadequate hot holding.
6. Contaminated raw foods and ingredients.

Concession Stand Tips

Requirement 9

12 Steps to Safe and Sanitary

Food Service Events: The

following information is

intended to help you run a

healthy concession stand.

Following these simple

guidelines will help minimize

the risk of foodborne illness.

This information was provided

by District Administrator

George Glick, and is excerpted

from "Food Safety Hints" by

the Fort Wayne-Alton County,

Ind., Department of Health.

1. Menu.

Keep your menu simple, and keep

potentially hazardous foods (meat, eggs,

dairy products, protein salads, cut fruits

and vegetables, etc.) to a minimum.

Avoid using precooked foods or

additives. Use only foods from approved

sources, avoiding foods that have been

prepared at home. Complete control over

your food, from source to service, is the

key to safe, sanitary food service.

2. Cooking.

Use a food thermometer to check on

cooking and holding temperatures of

potentially hazardous foods. All

potentially hazardous foods should be

kept at 41° F or below (if cold) or

165° F or above (if hot). Ground beef

and ground pork products should be

cooked to an internal temperature of

157° F. Poultry parts should be cooked

from temporary events can be tested

back to lipses in temperature control.

3. Refrigerating.

Rapidly reheat potentially hazardous

foods to 165° F. Do not attempt to heat

foods in crock pots, steam tables, over

stove units or other heating devices.

Slow-cooking mechanisms may

activate bacteria and never reach

killing temperatures.

4. Cooling and Cold Storage.

Foods that require refrigeration must

be cooled to 41° F as quickly as possible

and held at that temperature until ready

to serve. To cool foods down quickly,

use an ice water bath (90% ice to 40%

water), stirring the product frequently,

or place the food in shallow pans no

more than 4 inches in depth and

refrigerate. Pans should not be stored

one atop the other and lids should be

off or ajar until the food is completely

cooled. Check temperature periodically

to see if the food is cooling properly.

Allowing hazardous foods to remain

unrefrigerated for too long has been the

number ONE cause of foodborne illness.

5. Hand Washing.

Frequent and thorough hand washing

remains the first line of defense in

preventing foodborne disease. The

use of disposable gloves can provide an

additional barrier to contamination, but

they are no substitute for hand washing!

6. Health and Hygiene.

Only healthy workers should prepare

and serve food. Anyone who shows

symptoms of disease (cough, sneeze,

fever, vomiting, diarrhea, jaundice, etc.)

or who has open sores or infected cuts

on the hands, should not be allowed

in the food concession area. Workers

should wear clean cover garments and

should not smoke in the concession

area. The use of hair restraints is

recommended to prevent hair ending

up in food products.

7. Food Handling.

Avoid hand contact with raw, ready-

to-serve foods and food contact surfaces.

Use an acceptable dispensing method

to serve food. Touching food with bare

hands can transfer germs to food.

8. Dishwashing.

Use disposable utensils for food service.

Keep your hands away from food contact

surfaces, and never reuse disposable

dishware. Wash in a four-step process:

1. Washing in hot soapy water,

2. Rinsing in clean water,

3. Chemical or heat sanitizing, and

4. Air drying.

9. Ice.

Ice used to cool cans/bottles should

not be used in cup beverages and should

be stored separately. Use a scoop to

dispense ice; never use the hands. Ice

can become contaminated with bacteria

and viruses and cause foodborne illness.

10. Wiping Cloths.

Rinse and store your wiping cloths in

a bucket of sanitizer (example: 1 gallon

of water and 1/4 teaspoon of chlorine

bleach). Change the solution every

two hours. Wet sanitized work surfaces

prevent cross-contamination and

discourage flies.

11. Insect Control and Waste.

Keep foods covered to protect them

from insects. Store pesticides away

from foods. Place garbage and paper

waste in a refuse container with a tight-

fitting lid. Dispose of wastewater in an

approved method (do not dump it

outside). All water used should be

potable water from an approved source.

12. Food Storage and Cleanliness.

Keep foods covered off the floor at least

six inches. After your event is finished,

clean the concession area and discard

unusable food.

13. Set a Minimum Worker Age.

Leagues should set a minimum age for

workers or to be in the stand, in many

states this is 16 or 18, due to potential

hazards with various equipment.

Safe place must be premarked
no later than May 1st

Volunteers Must Wash Hands

HOW

Wet
warm water

Wash
20 seconds
Use soap

Rinse

Dry
Use single-service
paper towels

Gloves

WHEN

**Wash your hands before you
prepare food or as often as needed.**

Wash after you:

- use the toilet
- touch uncooked meat, poultry, fish or eggs or other potentially hazardous foods
- interrupt working with food (such as answering the phone, opening a door or drawer)
- eat, smoke or chew gum
- touch soiled plates, utensils or equipment
- take out trash
- touch your nose, mouth, or any part of your body
- sneeze or cough

**Do not touch ready-to-eat
foods with your bare hands.**

Use gloves, tongs, deli tissue or other serving utensils.

Remove all jewelry, nail polish or false nails unless you wear gloves.

Wear gloves.

when you have a cut or sore on your hand

when you can't remove your jewelry

If you wear gloves:

- wash your hands before you put on new gloves

Change them:

- as often as you wash your hands
- when they are torn or soiled

Inspection of Equipment

Requirement 10:

- This Little League requires regular inspection of playing equipment.
- Unsafe equipment should not be given in team equipment bags.
- Manager's Coaches and Umpires are required to inspect equipment prior to each use.
- Bad equipment will be logged and will be removed and destroyed.

Accident Reporting Procedure

Requirement 11:

What to Report: An incident that causes a Player, Manager, Coach or Umpire to receive medical treatment or first aid must be reported to The Safety Officer.

When to Report: All such incidents described above must be reported to The Safety Officer within 24 to 48 hours of the incident.

<u>The Safety Officer is:</u>	NAME:	Ron Magby
	Cell Number:	781-929-0936
	Email:	Magby_Ron@yahoo.com

How to Make a Report: Reporting incidents can come in a variety of forms. Most typically they are telephone conversations. At a minimum, the following information is needed.

1. The name and address of the injured person.
2. The date, time, and location of the incident.
3. As detailed of a description of the incident as possible.
4. The preliminary estimation of the extent of the injury.
5. The name and phone number of the person making the report.
6. Names and phone number of any witnesses.

In your safety packet you will find the injury report forms. If your Safety Parent is there, he/she can assist you in getting the front of the form filled out. Then a call is to be made to The Safety Officer reporting the incident within 48 hours. Little League insurance is a supplemental insurance to the insured's own insurance. There is a small deductible.

How to Replace the Injury Report Forms: The forms can be replaced by The Safety Officer or downloaded from www.leagueleague.org found under forms and publications.

FIRST AID KITS

Requirement 12:

Each team is provided with a league issued first aid kit. Each kit includes the following.

- (10) Adhesive sterile bandage
- (2) Extra-large adhesive sterile bandage
- (2) Non-adherent pads 2 x 3
- (2) Gauze pad 12-ply 3 x 3 sterile
- (1) Adhesive tape
- (2) Instant cold compress 4 x 4
- (3) Triple antibiotic ointment
- (3) Antiseptic towelette
- 1/8 oz. Burn Cream
- (3) Sting relief wipes
- (1) Tweezers

Communicable Disease Procedures

1. Bleeding must be stopped, the open wound covered, and the uniform changed if there is blood on it before the athlete may continue.
2. Routinely use gloves to prevent mucous membrane exposure when contact with blood or other body fluids is anticipated (Provided in the first aid kit).
3. Immediately wash hands and other skin surfaces if contaminated with blood.
4. Clean all blood contaminated surfaces and equipment.
5. Managers, Coaches, and Volunteers with open wounds should refrain from all direct contact until the condition is resolved.
6. Follow accepted guidelines in the immediate control of bleeding and disposal when handling bloody dressings, mouth guards and other articles containing body fluids.

Enforcement of Little League Rules

Requirement 13:

- All volunteers must have a volunteer application filled out and on file with the Little League. Our league will provide annual background checks.
- No laminated bat shall be used... (rule 1.10)
- The traditional batting donut is not permissible... (rule 1.10)
- A pitcher shall not wear any items on his/her hands, wrists or arms which may be distraction to the batter. White long sleeve shirts are not permitted... (rule 1.11)
- Pitcher shall not wear sweat bands on his/her wrists... (rule 1.15)
- Players must not wear jewelry... (rule 1.11)
- Catcher must wear a catcher's mitt... (rule 1.12)

- All batters must wear protective batting helmets, all helmets must bear the NOCAE stamp, No painting, or stickers on helmets... (rule 1.16)
- All male players must wear athletic supporters. Male catchers must wear the metal, fiber, or plastic type protective cup.
- Catching helmet must have the dangling type throat protector and catcher's helmet during infield/outfield practice, pitcher warm-up and games.
- Skull caps are not permitted... (rule 1.17)
- Each team is allowed three coaches in the dugout...
- Managers or coaches may not warm up a pitcher at home plate or in the bull pen or elsewhere at any time... (rule 3.09)
- Coaches are encouraged to discourage "horseplay"
- No on deck batters are allowed in the Majors and below... (rule 1.08)

Don't Swing It
 ...Until You're Up to the Plate!

(Photos from North Scott, Iowa, Little League)

Don't let this happen to you, or to a teammate.

REMEMBER:
Don't pick up your bat until you leave the dugout, to approach the plate.

RULE 1.08, Notes
 1. The on-deck position is not permitted in Tee Ball, Minor League or Little League (Majors) Division. 2. Only the first batter of each half-inning will be allowed outside the dugout between the half-innings in Tee Ball, Minor League or Little League (Majors) Division.

HAVE YOU:

- ✓ Walked field for debris/foreign objects
- ✓ Inspected helmets, bats, catchers' gear
- ✓ Made sure a First Aid kit is available
- ✓ Checked conditions of fences, backstops, bases and warning track
- ✓ Made sure a working telephone is available
- ✓ Held a warm-up drill

Make Sure They Are Safe!

REMEMBER:
Catchers must wear helmets during warm-ups and infield/outfield practice.

RULE 1.17
 All catchers must wear a mask, 'dangling' type throat protector and catcher's helmet during infield/outfield practice, pitcher warm-up and games.

Lightning Facts and Procedures

Consider the following facts:

- The average lightning stroke is 6-8 miles long.
- The average thunderstorm is 6-10 miles wide and travels about 25 miles an hour.
- On the average, thunder can only be heard over 3-4 miles, depending on humidity, terrain, and other factors. This means that by the time you hear the thunder, you are already in the risk area for lightning strikes.

Rule of Thumb: The ultimate truth about lightning is that it is unpredictable and cannot be prevented. Therefore, a manager or coach who feels threatened should contact the head umpire and recommend stopping play and clearing the field. In our league the umpire makes the decision as to whether play is stopped. Once play is stopped, take the kids to safety until play resumes or game is called.

Where to Go? No place is safe from lightning threat, but some places are safer than others. Constructed buildings are usually the safest. Most people will find shelter in a fully enclosed metal vehicle with the windows rolled up. If you are stranded in an open area, put your feet together, crouch down and put your hands over your ears to prevent eardrum damage.

Where not to go? Avoid high places and open fields, isolated trees, unprotected gazebos, rain or picnic shelters, dugouts, flagpoles, light poles, bleachers, metal fences and water.

First Aid for a Lightning Victim:

- Call 911 immediately.
- Typically, the lightning victim has similar symptoms as that of someone having a heart attack. Consider: will moving cause anymore injury. If the victim is in a high-risk area, determine if movement is necessary. Lightning does strike twice in the same place. If you are not at risk, and moving is a viable option, you should move the victim.
- If the victim is not breathing, start mouth to mouth resuscitation. If it is decided to move the victim, give a few quick breaths prior to moving the victim.
- Determine if the victim has a pulse. If no pulse is detected, start cardiac compressions as well.

NOTE: CPR should only be administered by a person knowledgeable and trained in the technique.

Remember: Safety is everyone's job. Prevention is the key to reducing accidents to a minimum. Report all hazardous conditions to the Safety Officer or another Board Member immediately. Do not play on an unsafe field or with unsafe equipment. Check the teams' equipment prior to each use.

Hydration

*Managers are required to bring water to each practice and game.
Players are encouraged to bring bottled water or sports drinks.*

Tips to Prevent Heat Illness:

- Know that once you are thirsty you are already dehydrated.
- Drink before you become thirsty.
- Drink plenty of liquids like water, or sports drinks every 15 minutes.
- Water seems to be the preferred beverage. Water has many critical functions in the body that are important for performance they include, carrying oxygen and nutrients to exercising muscles.
- Do not drink beverages with caffeine before practice or games. Caffeine can increase the rate of dehydration.
- Do not exercise vigorously during the hottest time of the day.
- Practice in the morning and during the latter part of the evening.
- Wear light color loose cloths.
- Use sunscreen to prevent sunburn.
- If you begin to feel faint or dizzy stop your activity and cool off by sitting in the shade, air-conditioned car or use a wet rag to cool you off.

How is it treated?

Emergency medical treatment is necessary. If you think someone has heatstroke, call 911 or a doctor immediately. In the meantime, give first aid as follows:

- Move the person to a shady area.
- Cover the person with a wet sheet and keep the sheet wet for cooling from evaporation.
- Fan the person with paper or an electric fan (preferably not cold air).
- Sponge down the body, especially the head, with cool water.
- Continue giving first aid until the body feels cool to the touch.
- If the person is conscious, let them sip water, fruit juice, or a soft drink.

Submitting Player, Manager and Coach Data

Requirement 14:

Player, Manager, and Coach information will be submitted through the Little League Data Center at www.littleleague.org.

Requirement 15:

We will answer the survey questions in the Little League Data Center.

Concussions

All 50 states have laws specific to the management of concussions and head injuries. Some states require not just leagues but DA's, ADA's, and umpires to undergo annual training.

- Some states may affect only school-based activities, but many also address any group using school facilities or grounds for athletic purposes.
- Little League has developed a concussion overview page for each state that will be similar to the Child Abuse page.
- The CDC (Centers for Disease Control and Prevention) website is a great tool for leagues to encourage their managers/coaches, parents, and players to review concussion information • www.cdc.gov/concussion/HeadsUp/youth.html Concussions
- DA's must also be aware of their state's respective laws, especially during any Special Games events or International Tournament games being hosted by the District.
- Failure to adhere to these laws could expose the District and/or host to unwanted liability and penalties • Some states require that the participant and a parent/guardian must sign and acknowledge that they understand the risks of concussions before they can participate
- The majority of states also require immediate removal from competition if a person has sustained a concussion and that they cannot return until being released in writing by a medical professional.

CONCUSSION Information Sheet **HEADS UP CONCUSSION**

This sheet has information to help protect your children or teens from concussion or other serious brain injury. Use this information at your children's or teens' games and practices to learn how to spot a concussion and what to do if a concussion occurs.

What is a Concussion?
A concussion is a type of traumatic brain injury—or TB—caused by a bump, blow, or jolt to the head or by a hit to the body that causes the head and brain to move quickly back and forth. This fast movement can cause the brain to bounce around or twist in the skull, creating chemical changes in the brain and sometimes stretching and damaging the brain cells.

How Can I Help Keep My Children or Teens Safe?
Sports are a great way for children and teens to stay healthy and can help them do well in school. To help lower your children's or teens' chances of getting a concussion or other serious brain injury, you should:

- Help create a culture of safety for the team.
- Work with their coach to teach ways to lower the chances of getting a concussion.
- Talk with your children or teens about concussion and ask if they have concerns about reporting a concussion. Talk with them about their concerns, emphasize the importance of reporting concussions and taking time to recover from one.
- Ensure that they follow their coach's rules for safety and the rules of the sport.
- Tell your children or teens that you expect them to practice good sportsmanship at all times.
- When appropriate for the sport or activity, teach your children or teens that they must wear a helmet to lower the chance of the most serious types of brain or head injury. However, there is no "concussion proof" helmet. So, even with a helmet, it is important for children and teens to avoid hits to the head.

Plan ahead. What do you want your child or teen to know about concussion?

How Can I Spot a Possible Concussion?
Children and teens who show or report one or more of the signs and symptoms listed below—or simply say they just "don't feel right" after a bump, blow, or jolt to the head or body—may have a concussion or other serious brain injury.

Signs Observed by Parents or Coaches

- Appears dazed or stunned.
- Forgets an instruction, is confused about an assignment or position, or is unsure of the game, score, or opponent.
- Moves clumsily.
- Answers questions slowly.
- Loss of consciousness (even brief).
- Shows mood, behavior, or personality changes.
- Can't recall events prior to or after a hit or fall.

Symptoms Reported by Children and Teens

- Headache or "pressure" in head.
- Nausea or vomiting.
- Balance problems or dizziness, or double or blurry vision.
- Drowsiness or fatigue.
- Feeling sluggish, hazy, foggy, or groggy.
- Confusion, or concentration or memory problems.
- Just not "feeling right," or "feeling down."

What Are Some More Serious Danger Signs to Look Out For?
In rare cases, a dangerous collection of blood (hematoma) may form on the brain after a bump, blow, or jolt to the head or body and can squeeze the brain against the skull. Call 9-1-1 or take your child or teen to the emergency department right away if, after a bump, blow, or jolt to the head or body, he or she has one or more of these danger signs:

- One pupil larger than the other.
- Drowsiness or inability to wake up.
- A headache that gets worse and does not go away.
- Slurred speech, weakness, numbness, or decreased coordination.
- Repeated vomiting or nausea, convulsions or seizures (shaking or twitching).
- Unusual behavior, increased confusion, restlessness, or agitation.
- Loss of consciousness (passed out/blackout). Even a brief loss of consciousness should be taken seriously.

What Should I Do If My Child or Teen Has a Possible Concussion?
As a parent, if you think your child or teen may have a concussion, you should:

1. Remove your child or teen from play.
2. Keep your child or teen out of play the day of the injury. Your child or teen should be seen by a health care provider and only return to play with permission from a health care provider who's experienced in evaluating for concussion.
3. Ask your child's or teen's health care provider for written instructions on helping your child or teen return to school. You can give these instructions to your child's or teen's school nurse and teacher(s) and return to play instructions to the coach and/or athletic trainer.

Do not try to judge the severity of the injury yourself. Only a health care provider should assess a child or teen for a possible concussion. Concussion signs and symptoms often show up soon after the injury. But you may not know how serious the concussion is at first, and some symptoms may not show up for hours or days. The brain needs time to heal after a concussion. A child's or teen's return to school and sports should be a gradual process that is carefully managed and monitored by a health care provider.

Children and teens who continue to play while having concussion symptoms or who return to play too soon—while the brain is still healing—have a greater chance of getting another concussion. A repeat concussion that occurs while the brain is still healing from the first injury can be very serious and can affect a child or teen for a lifetime. It can even be fatal.

To learn more, go to www.cdc.gov/HEADSUP
You can also download the CDC HEADS UP app to get concussion information at your fingertips. Just scan the QR code pictured at left with your smartphone.

Discuss the risks of concussion and other serious brain injury with your child or teen and have each person sign below. Detach the section below and keep this information sheet to use at your children's or teens' games and practices to help protect them from concussion or other serious brain injury.

I learned about concussion and talked with my parent or coach about what to do if I have a concussion or other serious brain injury.

Little League Concussion Prevention, Treatment and Management Policy

A concussion is a brain injury that results from a bump, blow or jolt to the head or body which causes the brain to move rapidly in the skull and which disrupts normal brain function. The Centers for Disease Control and Prevention of the United States Department of Health and Human Services estimates that as many as 3.8 million concussions occur each year in the United States which are related to participation in sports and other recreational activities. Athletes who continue to participate in an athletic activity while suffering from a concussion or suffering from the symptoms of an injury to the head are at greater risk for catastrophic injury to the brain or even death. Ensuring that a Little League player who sustains or is suspected of sustaining a concussion or other injury to the head receives appropriate medical care before returning to baseball activity will significantly reduce the child's risk of sustaining greater injury in the future.

THEREFORE, **Cactus Horizon Little League** hereby adopts the following policy for purposes of prevention, treatment, and management of injuries to the head that may occur during a player's participation in the Little League program, including, without limitation, a concussion of the brain:

1. Prior to a team's first practice each season, every manager, coach, and adult assistant shall:

a) Familiarize themselves with the CDC publication "Heads Up – Concussion in Youth Sports – A Fact Sheet for Coaches"; and,

b) Complete the CDC on-line training course at:

<https://www.train.org/cdctrain/course/1089818/>

A copy of the Certificate of Completion for each of the above individuals shall be submitted to the League Safety Officer.

2. If a Little League player sustains, or is suspected of sustaining, an injury to the head while participating in any Little League game or even the player must:

a. Be immediately removed from the game or event; and

b. May only return to Little League activity if the parent or legal guardian of the player provides a signed statement from a provider of health care indicating that the youth is medically cleared for Little League participation and the date on which the player may return to participation.

Safe Sports Act

- "Protecting Young Victims from Sexual Abuse and SafeSport Authorization Act of 2017" became federal law in 2018
- The goal of SafeSport is to protect children from abusive situations by engaging more people in the reporting and education processes
- A volunteer now can be held legally responsible if they have firsthand knowledge and fail to report any type of Child Abuse to the correct parties
- SafeSport covers all types of Child Abuse both physical and psychological
- SafeSport prompted USA Baseball to create Pure Baseball

USA Baseball Pure Baseball Initiative

- Little League International and all local little league programs must adhere to the following requirements from the SafeSport Act:
- Reporting of Abuse involving a minor to the proper authorities
- All volunteers of a local league are now mandated reporters and could face criminal charges if the league chooses to ignore, or not report to the proper authorities, any witnessed act of child abuse, including sexual abuse, within 24 hours.
- Local leagues must be aware of the proper procedures to report any type of abuse in their state. Please reference www.LittleLeague.org/ChildAbuse
- Leagues must adopt a policy that prohibits retaliation for “good faith” reports of child abuse.
- Leagues must adopt a policy that limits one-one-one contact with minors.
- Leagues are highly encouraged to complete the Abuse Awareness training provided by USA Baseball and/or SafeSport.

Accident Notification Form Page 1 (Parent/Guardian Statement)

LITTLE LEAGUE[®] BASEBALL AND SOFTBALL ACCIDENT NOTIFICATION FORM INSTRUCTIONS

Send Completed Form To:
Little League, International
539 US Route 15 Hwy, PO Box 3485
Williamsport PA 17701-0485
Accident Claim Contact Numbers:
Phone: 570-327-1674

Accident & Health (U.S.)

- This form must be completed by parents (if claimant is under 19 years of age) and a league official and forwarded to Little League Headquarters within 20 days after the accident. A photocopy of this form should be made and kept by the claimant/parent. Initial medical/dental treatment must be rendered within 30 days of the Little League accident.
- Itemized bills including description of service, date of service, procedure and diagnosis codes for medical services/supplies and/or other documentation related to claim for benefits are to be provided within 90 days after the accident date. In no event shall such proof be furnished later than 12 months from the date the medical expense was incurred.
- When other insurance is present, parents or claimant must forward copies of the Explanation of Benefits or Notice/Letter of Denial for each charge directly to Little League Headquarters, even if the charges do not exceed the deductible of the primary insurance program.
- Policy provides benefits for eligible medical expenses incurred within 52 weeks of the accident, subject to Excess Coverage and Exclusion provisions of the plan.
- Limited** deferred medical/dental benefits may be available for necessary treatment incurred after 52 weeks. Refer to insurance brochure provided to the league president, or contact Little League Headquarters within the year of injury.
- Accident Claim Form must be fully completed - including Social Security Number (SSN) - for processing.

League Name		League I.D.	
Name of Injured Person/Claimant		SSN	Age
Name of Parent/Guardian, if Claimant is a Minor		Date of Birth (MM/DD/YY)	Sex <input type="checkbox"/> Female <input type="checkbox"/> Male
Address of Claimant		Home Phone (Inc. Area Code)	Bus. Phone (Inc. Area Code)
Address of Parent/Guardian, if different		()	()

The Little League Master Accident Policy provides benefits in excess of benefits from other insurance programs subject to a \$50 deductible per injury. "Other insurance programs" include family's personal insurance, student insurance through a school or insurance through an employer for employees and family members. Please CHECK the appropriate boxes below. If YES, follow instruction 3 above.
