“El Presidente Fortified”

- At 15m, from behind cover, facing rear, hands down, turn, draw and engage each target with 2 rounds each
- Execute a speed reload behind cover, re-engage each target with 2 rounds each from the opposite side

Standard: 15 seconds, all rounds in A zone

Target: 3 x IPSC

Load: Pistol: 2 x 6 (mags x rounds)

- This drill is a slight modification from the well known El Presidente. The addition of cover adds a level of tactics in addition to marksmanship. This drill works rapid target acquisition, multiple target engagement, recoil management, as well as shooting from cover (right and left side) and speed reload.
