

Shutter Pricing

2022

Old Capitol Custom Millwork Inc. has been serving Philadelphia and its surrounding areas with high-quality, hand crafted exterior millwork since 2018. We strive to achieve a product that will last decades with proper maintenance by employing the same woodworking and joinery techniques that have stood the test of time.

Our shutters are built with solid, rot-resistant Sapele Mahogany and are through-mortise and tenoned for an incredibly strong, long-lasting joint.

We offer in-house priming, painting, and staining so that your shutters are ready to hang upon arrival.

PRICING

Basic Shutter Pricing Estimate Formula:

$$\$450 + \$45 \times (\text{Pair square footage}) + \text{Add-on items} = \text{Shutter Pair Estimate}^*$$

Add-on items that we offer:

- Beading and rabbetting of meeting stiles \$30/pair
- Copper Cap \$25/pair
- Faux tilt bar \$25/pair
- Upgrade to 1 3/4 thickness \$5.25/sqft
- Upgrade to 2 1/8 thickness \$12.50/sqft
- Priming (2 coats exterior acrylic primer) \$150/pair
- Painting to color of choice (2 coats exterior acrylic coating) \$175/pair
- Staining (three coats of PPG Proluxe Cetol) \$325/pair

Options for those on a budget:

- Substitute Extira MDF (composite) flat panels less \$12.25/sqft

Shutter hardware is available through our vendors.

READY TO ORDER?

Contact us to discuss your project and any custom options that you may need. On-site consultations available in the greater Philadelphia region. Otherwise, measurements are to be provided by the customer. We can deduct from your provided rough opening measurements to allow for functional shutter operation.

*This pricing assumes stock cope and stick profiles with stock raised or flat panel profiles, or standard elliptical or through-louvers with a shutter thickness of 1 5/16". This does not include any fully custom options such as arch-tops, custom panel/molding profiles, profiled louvers, etc. Pricing does not include applicable sales tax and is subject to change.
