 ProMix Systems

 Most Popular with Group Homes

WASHERS & DRYERS

ProMix Systems is proud to offer Maytag & Whirlpool commercial-grade washers & dryers - at dealer discount pricing!

There are **two** main reasons Group Homes should consider buying commercial-grade machines:

1) Durability

Domestic models are rated for approx. 3,500 cycles; commercial models are rated for 15,000 cycles.

2) Warranty

We have heard from many frustrated Group Home Supervisors/Managers over the years that their domestic model warranty is VOIDED due to the fact that Group Home settings are considered 'commercial' in nature and therefore the warranty is not honoured. We offer the industry's BEST warranty, built for commercial environments: 3-months labour and 5 & 7 years' factory-specified parts.

We offer
front-load,
top-load
& stackable
solutions
