# Commercial-Grade Washers & Dryers

We are proud to offer Maytag & Whirlpool commercial-grade appliances at dealer discount pricing!

"Why should Group Homes consider buying *commercial-grade* appliances?"

## REASON #1 Durability:

Domestic models are rated for approx. 3,500 cycles; commercial models are rated for 15,000 cycles.

## REASON #2 Cycle Time:

Commercial washers have much faster cycle times, allowing you to get more laundry done in less time.

## REASON #3 Warranty:

Group Homes often have their domestic model warranty VOIDED due to the fact that these locations are considered 'commercial' in nature. We offer the industry's BEST warranty, built for commercial environments: 3 months labour and 5 & 7 year factory-specified parts.
