DESIGN LIFE OUTDOORS

HOSPITALITY 2025 / 2026

LIVING OUR VALUES

At Windward Outdoor, our first goal is to bring honor and glory to our creator, God, in everything we do. We do this by manufacturing the highest quality products, delivering our products on time and going beyond your expectations with our customer service.

All of this starts by living our Core Values of honesty, efficiency, attitude, respect and trust. We not only say this, but we believe it. We hope our products help you take life outdoors™.

– The Yoder Family

We invite you to lay back and enjoy the best of each season. Whether a slow, hot summer day or a cool, crisp fall evening, our distinctive collections allow you to celebrate life outdoors with family and friends. Each line provides flexibility that express your lifestyle in creating memorable and effortless outdoor spaces.

OUR TEAM

This space was originally earmarked to introduce you to Windward's leadership team, but as much as we would like to take the credit for our success, all of us know that it takes a village to raise an outdoor furniture company.

It is our incredibly talented factory team, dedicated office staff, brilliant supervisors and our superstar sales team that deserves the credit. Without them, we would be nothing. And for that, we are grateful and proud.

CRAFTED BY HAND WITH PRIDE

EXTRUDED ALUMINUM PRODUCTS

Windward uses the highest quality materials available for outdoor furniture manufacturing. All of our aluminum furniture is manufactured with commercial-grade, domestically milled, extruded aluminum. Many of Windward's extrusions are proprietary & have internal reinforcing ribs to provide the additional strength expected when purchasing quality, domestically manufactured furniture.

To ensure lasting color and quality, our frames are sandblasted to create an ideal bonding surface. This preparation ensures your powder coat frame finish will not peel or chip. It is also an environmentally friendly alternative to frame preparations used by other manufacturers.

MARINE GRADE POLYMER PRODUCTS

In 2012 Windward proudly introduced marine grade polymer (MGP) into its product lineup. Since then it has expanded by adding new collections, and refining the existing ones. MGP is a domestically made material that was originally designed to hold up in salt water environments on boats without fading or breaking down and eventually made the natural transition into outdoor furnishings.

- Made from prime High Density Polyethylene (HDPE)
- Will not warp, fade or chemically breakdown even in harsh salt water or chlorinated environments
- Material has specially formulated UV inhibitors
- Easy to clean MGP is a non-porous material that won't absorb dirt, chemicals or liquids (including red wine)
- Substantial weight is great for windy environments
- Marine grade stainless steel hardware
- Significantly stronger, more scratch resistant and durable than furniture from 100% recycled material

PADDED SLINGS

Padded slings combine the low maintenance of a sling with the comfort of a cushion. It is an affordable alternative to cushion furniture, while not relinquishing the many cushion fabric design options. Padded slings use a sling fabric on the back, which makes up the support of the chair and a cushion fabric (or sling) on the front.

Nonabsorbent polyester is used in between the two as the padding. Polyester is mold & mildew resistant and also allows water to drain right through, giving your padded sling a quick drying time.

WATERPROOF FABRICS

Windward offers Sunbrella® Rain and Outdura Crypton waterproof performance fabrics for quantity orders. They are also available on the cut yardage program. Contact your sales rep or customer service person for details.

CUT YARDAGE PROGRAMS

In addition to our extensive collection of high quality fabrics we are proud to also offer the Sunbrella and Outdura cut yardage programs. Details on how to order and prices are available in the Windward binder, or contact customer service representative for details.

Sunbrella® is a registered trademark of Glen Raven
Crypton® is a registered trademark of Hi-T ex Inc.
Outdura® is a registered trademark of Sattler Corp.

SEAT: 20"H

All strap furniture features double wrapped straps secured in place with nylon rivets.

The seat bend of most strap dining chairs is reinforced with extra internal aluminum tubing.

Aluminum skid welded into all Neptune strap chaises.

Safety Bend: Prevents fingers being pinched when adjusting the head rest of any Neptune chaise.

Vinyl protector prevents the aluminum ratchet from scratching the frame during adjustment.

FRAME: 1 1/4" Round

FRAME COLORS: See page 062

STRAPS: 2" Vinyl with UV Stabilizers & Mildew Preventatives

STRAP COLORS: See page 063

POWDERCOAT FINISHES

FOR ALUMINUM COLLECTIONS

Powdercoat frame finishes are available on all Windward furniture. All colors are printed as accurately as possible, please refer to our metal samples for exact colors.

MATTE & TEXTURED FINISHES

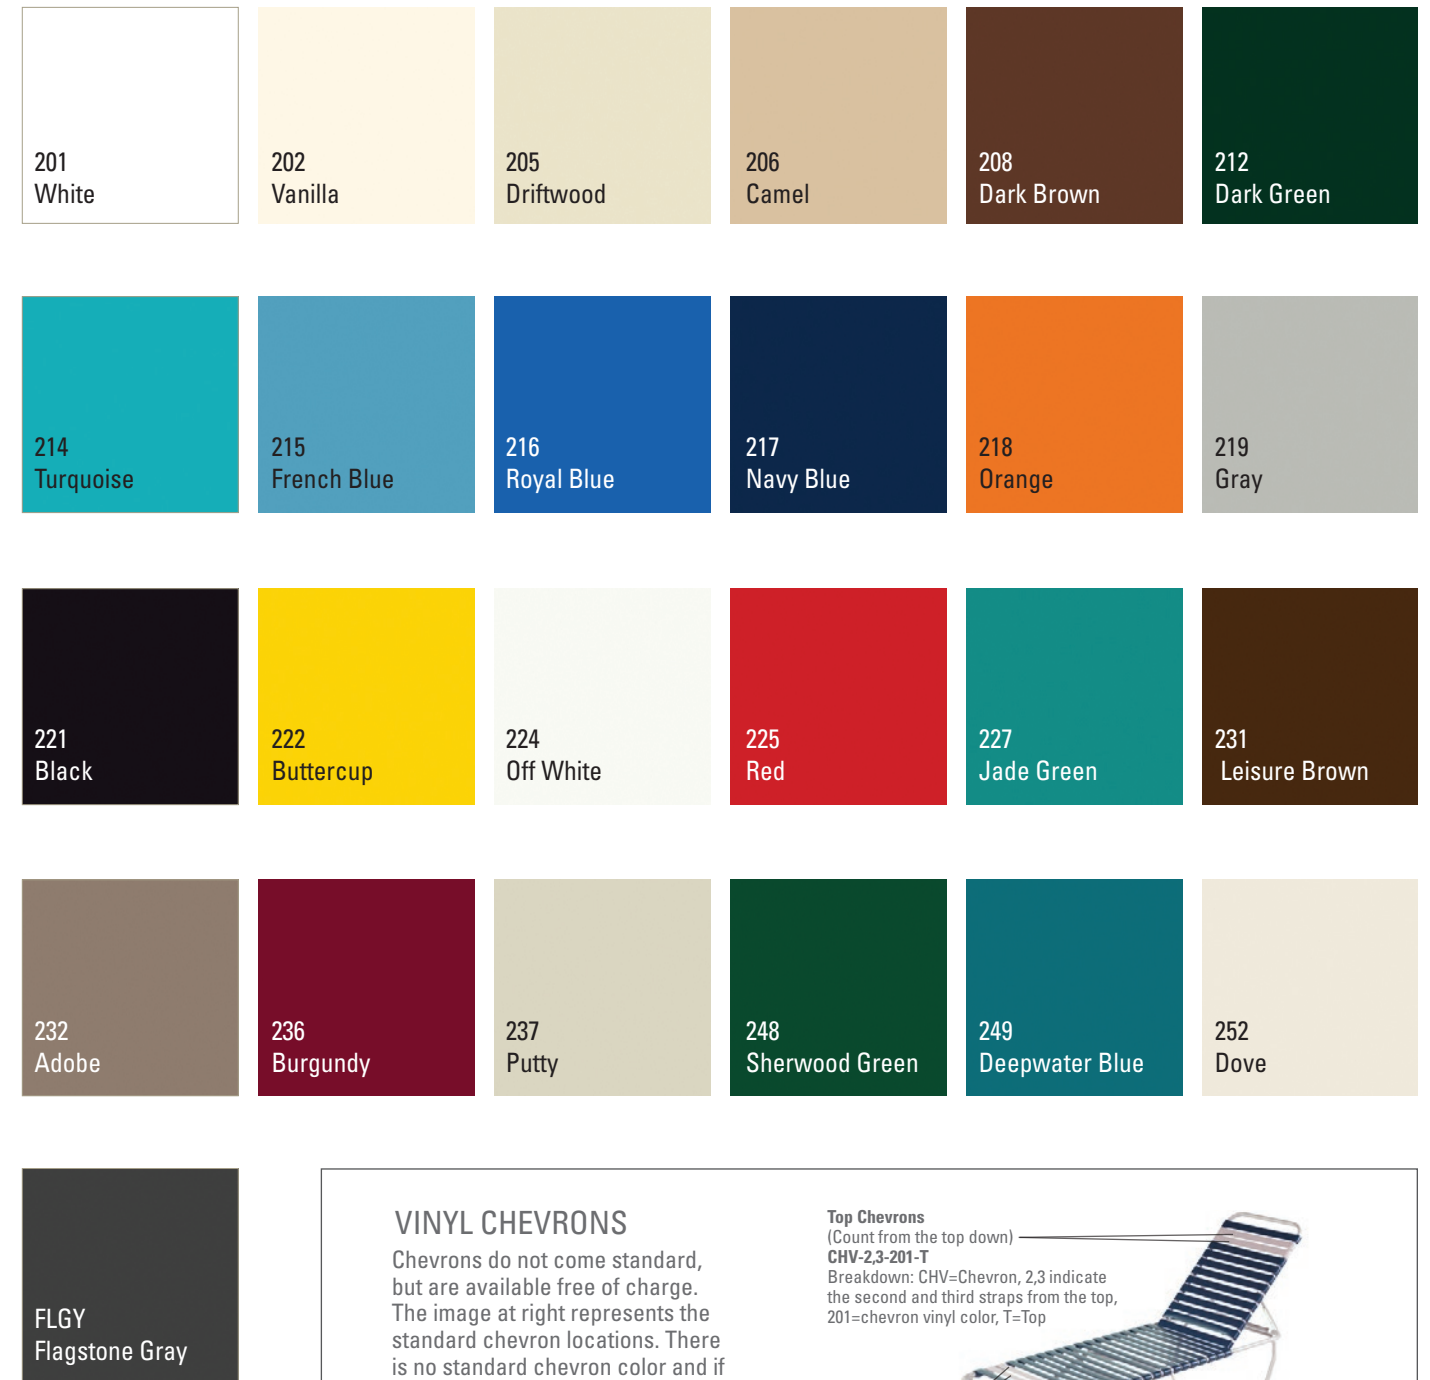

SMOOTH FINISHES

VINYL STRAP COLORS

FOR ALUMINUM STRAP COLLECTIONS

Windward vinyl is 100% virgin 2" wide vinyl. Straps are made with mildew preventatives and ultra violet stabilizers.

VINYL CHEVRONS

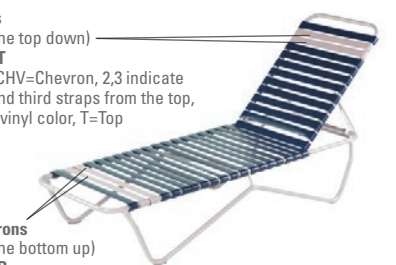

Chevrons do not come standard, but are available free of charge. The image at right represents the standard chevron locations. There is no standard chevron color and if you do not specify a second vinyl color on your order, no chevrons will be assumed. Use the diagram to learn how to order accent chevrons outside of the standard chevron locations.

Top Chevrons

(Count from the top down)
CHV-2,3-201-T
Breakdown: CHV=Chevron, 2,3 indicate the second and third straps from the top, 201=chevron vinyl color, T=Top

Bottom Chevrons

(Count from the bottom up)
CHV-2,3-201-B
Breakdown: CHV=Chevron, 2,3 indicate the second and third straps from the bottom, 201=chevron vinyl color, B=Bottom
