dex

Perfect for your event's dining experience, placing Dex at either end of the dining table can bring back the sophistication of the Victorian era in a modern, gorgeous chair.

eli

A classic wingback is elevated to become something more than an old classic with the Eli collection. Eli features a timeless design and a graceful aesthetic. Sophistication and grace are the names of the game with an Eli chair featured in a space.

era

Era provides the ideal location to sit back, relax, and either communicate, read, or simply unwind. Era's collection features both children and adult sizes, allowing all generations to be comfortable in any environment.

hue

Hue was specifically designed for the youngest generation. Its classic vibe makes the junior size irresistible. The classic, simple piece is precise in its design, sticking to traditional style, Hue breathes new life into aged environments without being out of place. Although designed for children, the Hue collection also has a matching adult size for consistency in an environment.

ira

A spin on a classic tub chair, Ira is all gentle curves and subtle details. Delicate curves grace the base of the chair, and the legs, adding to Ira's inviting appearance. Ira's seat provides ample room for comfort, all while having a small footprint, allowing it to be the perfect accent in any space.

jaz

tub

Gentle curves flow together to create the Tub Collection. Tub is the perfect lounge piece to be featured in environments where the furniture is complimentary to the architecture. Subtlety is Tub's specialty, not necessarily the vocal point of rooms, but it is that piece that can be depended on for comfort and quiet class.

via

Classy. Modern. Stunning. Three simple words to describe the Via collection. The complexity of the cylindrical designs gives Via an air of elegance. But alongside that elegance is a comfort that makes the Via chairs the ideal chairs for both independent or collaborative work. And Via provides comfort for both children and adults.
