Discovering the Positives:

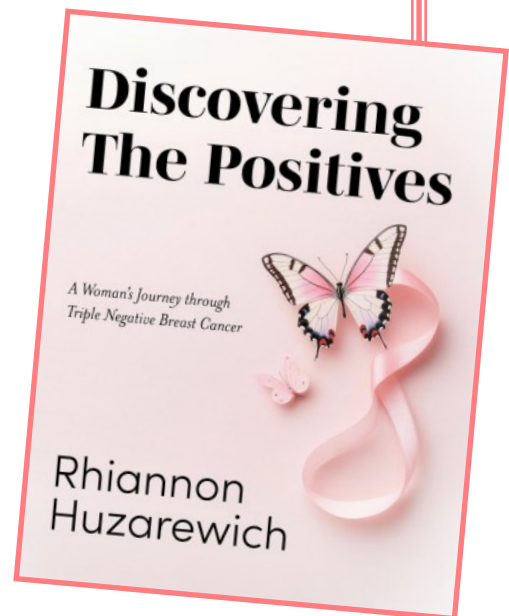

A Woman's Journey through Triple Negative Breast Cancer

Sit down with author Rhiannon Huzarewich as we discuss her work:

Discovering the Positives: A Woman's Journey through Triple Negative Breast Cancer.

A powerful memoir of resilience, hope, and self-discovery.

Hearing a triple negative breast cancer diagnosis can be overwhelming and scary. Diagnosed with it in her early forties, Rhiannon takes readers on an open and honest journey through the fears, treatments, and side effects that come with battling this disease.

**As we move into the colder months,
make the Library a
destination in your day!**

With a wonderful suggestion from a patron we
have created the Library Puzzle Exchange!

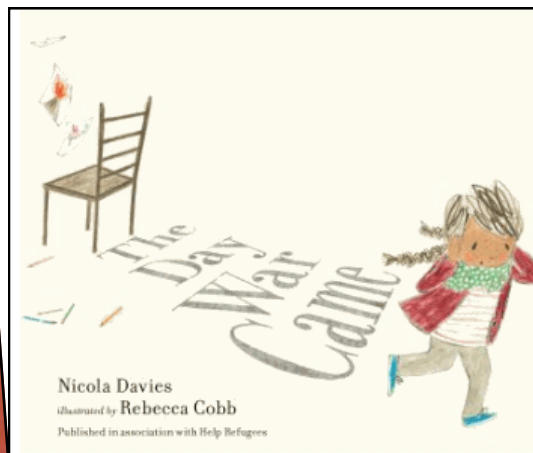

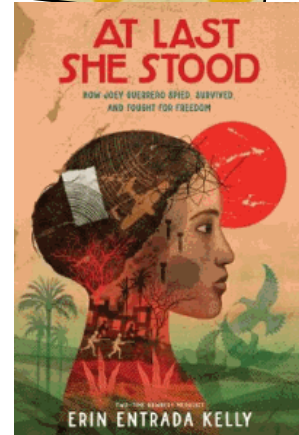

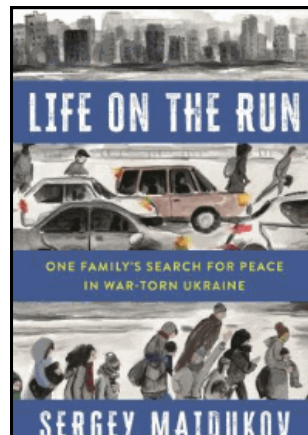

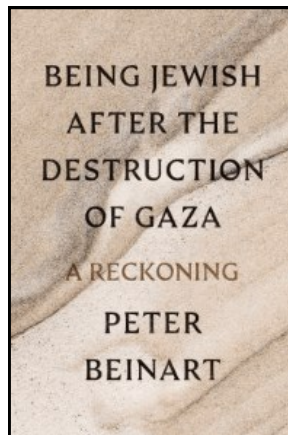

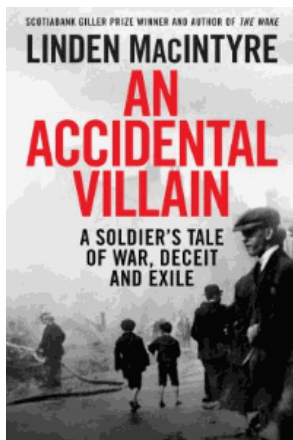

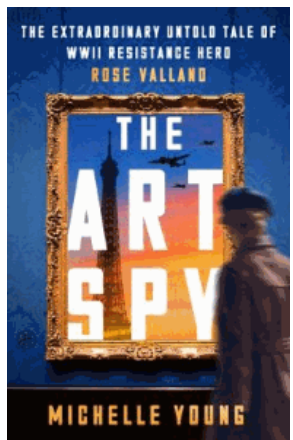

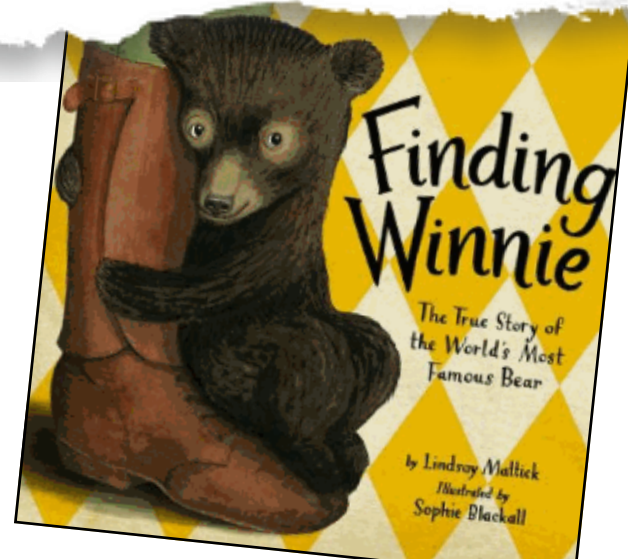

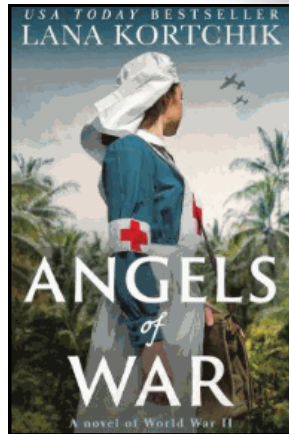

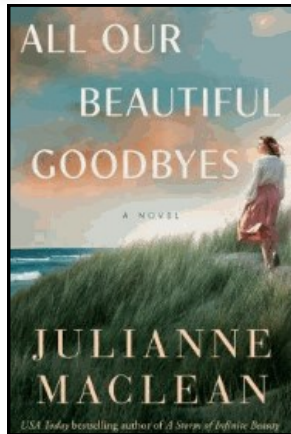

This is a permanent display in the library space, where you can exchange your completed puzzle with one from our selection. It's a "leave a puzzle—take a puzzle" concept. If you don't have a puzzle to exchange, no worries, there are loads of puzzles donated from the community, just return it when you're done. Visit the display and get ready for a cozy night in.

CLOSED - The Library will be **CLOSED** on Tuesday, November 11th.
To remember those who have fought for our freedoms and those
that continue to fight today.
