Search Results

Results are listed with the most current article at the top. There is the option to print, email or save the results to your computer. All materials have copyright clearance to create a single copy, however no multiple copies for distribution. Searching one database at a time offers greater search features. If a search is done on more than one database the search screen will be more generic but will produce broader results.

Full Text - full articles, no abstracts or citations

Search within Full Text - entire article

Quotations"" -exact phrase will be searched

Asterisk * - unknown characters (ie. Johns* searches for Johnson, Johnston, Johnstone etc.)

OR—multiple terms (ie. Cats OR felines)

NOT—unwanted results (ie. Nile NOT virus)

License

Public Library Service pays the license for the rural and northern public libraries. The license restricts use of the database to the public library or residence of public library members. **Use of the database in the school would be a violation of the terms of the public library license.**

Find Canadian, international and children's magazines like:

MasterFILE - 1,750 general reference, 500 full text reference books, 85,827 biographies, 105,789 primary source documents, and an Image Collection of 285,912 photos, maps and flags.

What is offered...?

Explora Primary Canada and Explora Primary for Schools - For elementary/middle school students this interface

combines a state-of-the-art search engine (powered by EBSCOhost®) with a child-friendly, graphically-rich design that is both powerful and fun to use.

Explora Canada - For secondary school students, users can easily pre-determine which content

sources will be included with their search. They can also search their databases by topic heading, make use of an online dictionary and encyclopedia, explore the top searches of the day, and even limit their search according to appropriate Lexile reading levels.

Auto Repair Reference Centre - more than 31,660 vehicles covered from 1945 to present; drawings and step-by-step photographs; technical service bulletins & recalls issued by the original equipment vehicle manufacturer; enhanced wiring diagrams for easy viewing and printing; specifications & maintenance schedules; Labor Time Guide & Estimator; Auto/Q; Quick Tips, a complete guide to vehicle ownership & maintenance and much more.

Canadian Points of View Reference Centre - Containing resources that present multiple sides of a current issue, including information on key topics of interest to Canadian researchers. This database provides rich content that can help students realize and develop persuasive arguments and essays, better understand controversial issues, and develop analytical thinking skills.

What is offered...?

A full text database accessible via a custom EBSCO interface. It is designed to assist homeowners in

do-it-yourself home repair, maintenance, and remodeling projects. Step-by-step instructions for thousands of projects in the areas of plumbing, outdoor, woodworking, electrical, and decorating are provided in high-quality PDF files.

Additionally, thousands of articles from magazines and reference books provide tips and suggestions to supplement the step-by-step project instructions.

SERRC contains the full set of small engine repair manuals from Clymer (<http://www.clymer.com/>).

These manuals contain thousands of accurate and concise step-by-step maintenance and repair instructions for hundreds of small engine machines and their supporting components. Routine maintenance, such as tune-ups and brake service, as well as more extensive repairs involving engine transmission disassembly are covered.

Engines types include: motorcycles, ATVs, personal water craft, snowmobiles, lawn mowers, tractors, snow blowers, generators, and more. Detailed and user-friendly content is provided in high-quality PDF files. Many documents contain photos and detailed illustrations to visually support step-by-step procedures.
