Library Updates

Numbers ?

The Library has been asked by the municipalities to get a more accurate picture of the folks using our services. Occasionally, we issue only one Library card to a household that all members use. Convenient for our patrons, but does not reflect the correct numbers using the card.

It is for this reason, at checkout we will be asking how many folks use the Library card so that we can correctly capture this statistic.

Thanks for being patient with us as we complete our counting.

We're looking at extending the BabyTime experience at the Library with a new program called Stay and Play.

We're currently working out the details and hope to have some information for you soon.

Stay Tuned!
