

A WATER WORKSHOP WAS HELD AT THE ROSE TOWN HALL LOCATED AT 5074 NORTH MAIN STREET, NORTH ROSE, WAYNE COUNTY, NEW YORK ON JUNE 25, 2025 WITH SUPERVISOR SCOTT J. CONVERSE PRESIDING.

PRESENT: Scott J. Converse, Supervisor
Christine M. Rice, Councilwoman
Richard A. Lasher, Councilman
Jennifer M. Murphy, Councilwoman

ABSENT: Henry D. Dunphy, Councilman

ALSO PRESENT: Marty Aman of Wayne County Water and Sewer Authority, Derek Anderson of MRB Group and Town Clerk Ann Gonzalez.

Derek Anderson summarized the previous Water Workshop for all in attendance. Previously, MRB Group had made a chart of options to go forward with the current situation of water production and lack of production from the Catchpole Road well. The Board reviewed the options with the cost discussing what the best option would be for productivity and for the tax payers. One suggestion was to perform regular maintenance on the wells that are currently producing enough water for the Town and use the aid of the Wayne County Water and Sewer Authority should there be a shortage for temporary assistance. No decisions were made and another workshop is to be scheduled at the July Town Board meeting.

A motion was made by Councilwoman Murphy, seconded by Supervisor Converse and agreed upon by all to adjourn the Workshop at 6:07 p.m.

Respectfully submitted by Ann Gonzalez
Rose Town Clerk
